INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council
City of Florence, Oregon

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Florence, Oregon ("City") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents..

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison schedules have been subjected to the auditing procedures applied to the audit of the basic financial statements and, in our opinion, are fairly stated in relation to the basic financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and budget and actual schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statement and budget and actual schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

CITY OF FLORENCE, OREGON

Governmental Funds

Reconciliation of the Balance Sheet to the Statement of Net Financial Position

June 30, 2013

Total Government Fund Balances		\$ 4,418,418
--------------------------------	--	--------------

Amounts reported for governmental activities in the Statement of Net Financial Position are different because:

Capital assets used in governmental activities are not financial resources in governmental funds but are reported in the statement of net assets at their net depreciated value:

Capital assets not being depreciated	547,477	
Capital assets being depreciated	20,872,763	
Accumulated depreciation	<u>(8,060,595)</u>	13,359,645

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds:

Deferred revenue	-	2,013,282
------------------	---	-----------

Some liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds:

Accrued interest payable	(62,821)	
Compensated absences	(205,402)	
Long-term debt	<u>(5,589,667)</u>	<u>(5,857,890)</u>

Net Financial Position of Governmental Activities in the Statement of Net Position		<u>\$ 13,933,455</u>

CITY OF FLORENCE, OREGON

Governmental Funds

Reconciliation of Statement of Revenues,
Expenditures and Changes in Fund Balances to the Statement of Activities

For the Year Ended June 30, 2013

Amounts reported for governmental activities in the statement of activities are different because of the following:

Net Change in Fund Balances - Total Governmental Funds \$ (1,184,928)

The statement of revenues, expenditures, and changes in fund balances report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

Current year depreciation	\$ (640,056)	
Expenditures for capital assets	<u>1,422,905</u>	782,849

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds as follows:

Change in deferred revenue		39,122
----------------------------	--	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in accrued interest		3,030
Change in accrued absences		(9,009)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. This is the amount by which proceeds exceeds repayments.

Proceeds of long-term debt	(340,000)	
Debt service principal payments	<u>1,340,148</u>	<u>1,340,148</u>

Change in Net Assets of Governmental Activities \$ 631,212

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 1. - Summary of Significant Accounting Policies

A. Reporting Entity

The City is a municipal corporation governed by an elected mayor and four-member council. As required by Generally Accepted Accounting Principles these financial statements present the government and its component unit, Florence Urban Renewal Agency, a separate legal entity for which the City is considered to be financially accountable.

Blended component units Florence Urban Renewal Agency was formed to plan, direct, and manage certain projects within Florence. Pursuant to ORS 457.055 and under Lane County's order no. 86-8-27-1H, the City Council has appointed a nine member board as governing body of the Agency. The Agency was formed by the City as a separate legal entity to implement these programs in the revitalization plan of the City. Upon completion, all projects constructed become assets of the City The Urban Renewal Agency General Fund and Urban Renewal Agency Debt Service Fund are reported as governmental fund types.

B. Government-wide and fund financial statements

The government-wide financial statements display information about the City a whole. For the most part, the effect of interfund activity has been removed from these statements. These statements focus on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. These aggregated statements consist of the statement of net financial position and the statement of activities.

The statement of activities demonstrates the degree to which the direct and allocated indirect expenses of a given function or program are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or program. *Indirect expenses* are those costs, usually administrative in nature, that support all City functions and programs and enable direct services to be provided. *Program revenues* include 1) fees, fines, and charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide and proprietary funds financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 1. - Summary of Significant Accounting Policies, continued

The City reports the following major governmental funds:

- *General Fund.* This is the government's primary operating fund. It accounts for all of the financial operations of the City except those required to be accounted for in another fund. Principal sources of revenue are property taxes, franchise taxes, and state shared revenues. Primary expenditures are for general government and public safety.

- *Street Fund.* This fund was established as a requirement of ORS 366.815. Monies received from the State of Oregon (gasoline tax apportionment) and Lane County are major sources of revenue. These monies are to be used exclusively for the construction, reconstruction, improvement, repair, maintenance, operation and use of public highways, roads, streets, and roadside rest areas in this state.

- *Florence Urban Renewal Agency.* This fund is used to account for the revenue and expenditures under the Urban Renewal Plan. The primary source of revenue is taxes.

- *Florence Debt Service Fund.* This fund is used to account for revenues and expenditures related to the servicing of general long-term debt: The funds combined into the fund for reporting purposes are as follows:

- *Spruce Street LID Bond Fund.* This fund is used to account for special assessment revenue from a local improvement district (LID) and the servicing of related bonded debt incurred for the improvement of Spruce Street.

- *FFC 2010B Bond Fund.* This fund is used to account for the full-faith and credit bonds that were issued in November of 2010. Bond proceeds were used to finance new projects for the Justice Center and Stormwater and Wastewater operations as well as retire the Clean Water State Revolving Loan Fund Debt.

- *Debt Service Fund.* This fund is used to account for the LOCAP program series 2011 note.

- *Bancroft Bond Fund.* This fund is used to account for special assessment revenue from local improvement districts.

Additionally, the City reports the following nonmajor governmental funds within the governmental fund type:

- *Special Revenue Funds.* These funds account for revenues derived from specific taxes or other earmarked revenue sources, including state gas tax and state revenue sharing entitlements, which are legally restricted to expenditures for specified purposes.

- *Debt Service Fund.* These funds are used to retire general obligation bonds and urban renewal bond principal and interest from property taxes.

- *Permanent Fund.* This fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

The City reports each of its three proprietary funds as major funds. These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that the costs of providing the services to the general public on a continuing basis be financed primarily through user charges. These funds represent three segments of operations – Water, Wastewater, and Stormwater. The City reports the following proprietary funds:

- *Water Operations*

- *Water Fund.* This fund accounts for the financial activities of the city-owned water utility operations. Sales of water and related charges are the major revenue sources.

- *Water Systems Development Fund.* This fund accounts for monies accumulated from water systems development charges for facility expansion or improvement. The use of these funds is restricted by City ordinance.

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 1. - Summary of Significant Accounting Policies, continued

- *Wastewater Operations*

Wastewater Fund. This fund accounts for the financial activities of the city-owned sewer service. Wastewater charges are the major revenue sources.

Wastewater Systems Development Fund. This fund accounts for monies accumulated from wastewater systems development charges for facility expansion or improvement. The use of these funds is restricted by City ordinance.

- *Stormwater Operations*

Stormwater Operations Fund. This fund accounts for the financial activities of the city-owned storm drainage system. Revenues consist primarily of stormwater charges.

Stormwater Systems Development Fund. This fund accounts for monies accumulated from storm drainage systems development charges for facility expansion or improvement. The use of these funds is restricted by City ordinance.

Additionally, the City reports the following nonmajor proprietary funds within the proprietary fund type:

- *Events Center Operations*

Events Center Operations Fund. This fund is used to account for the activities financed and operated for the Florence Events Center.

Events Center Debt Service Fund. This fund is used to account for the payment of the bonded debt incurred to construct the Events Center that opened its doors in 1996. Resources to pay this debt are derived from an Intergovernmental Agreement (IGA) with Lane County that provides the City with resources to pay the debt service requirements each year up to \$190,000. The agreement also states that the amount in excess of debt service payments can be used for the Events Center operations budget.

- *Airport Operations.* This fund administers all airport operations for the City.

Additionally, the City reports an *internal service fund* to account for the service of the Public Works Administration Fund provided to other funds of the City. The City also reports an *agency fund*, which accounts for funds held by the City in trust for the Municipal Court.

The agency funds are used for tracking of activities for the municipal court and the Senior Center Agency fund; The assets are held in trust for individuals, private organizations, or other organizations.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. The City allocates charges as reimbursement for services provided by the general fund in support of those functions based on levels of service provided. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. These charges are included in direct program expenses.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, *general revenues* include all taxes.

Proprietary funds distinguish *operating revenues* and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Significant operating expenses include personnel, contracted services, repairs and maintenance, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 1. - Summary of Significant Accounting Policies, continued

D. Assets, liabilities, and net assets or equity

1. Cash and investments

For the purposes of the statement of cash flows the City considers all highly liquid investments with an original maturity of three months or less when purchased, to be cash equivalents.

Investments included in cash and cash equivalents are reported at fair value. The City invests in the State of Oregon Local Government Investment Pool, which is authorized by Oregon Revised Statutes. Interest earned from pooled investments is allocated based on a fund's portion of the total investment balance. The City maintains depository insurance under Federal depository insurance funds and state and financial institution collateral pools for its cash deposits and investments, except the Local Government Investment Pool, which is exempt from statutes requiring such insurance.

2. Receivables

Uncollected property taxes receivable collected within sixty days following year end are considered measurable and available and are recognized as revenues. All other uncollected property taxes receivable are offset by deferred revenue and, accordingly, have not been recorded as revenue. Property taxes are assessed and become a lien against the property as of July 1 each year and are payable in three installments on November 15, February 15, and May 15 following the lien date. Taxes unpaid and outstanding on May 16 are considered delinquent.

Assessments receivable are recognized at the time property owners are assessed for property improvements. Assessments receivable expected to be collected within sixty days following year end and are considered measurable and available and are recognized as revenue. All other assessments receivable are offset by deferred revenue and, accordingly, have not been recorded as revenue.

Receivables for grants and state shared revenues, included in accounts receivable are recorded as revenues in governmental fund types as earned. Receivables of the proprietary fund types are recorded as revenues as earned, including services earned but not billed.

3. Interfund loans receivables/payables

Short-term interfund loans are classified as "Due to and due from other funds". Long-term interfund loans are classified as "interfund loan receivable" and "interfund loan payable".

4. Inventories

Inventories in the Airport, Water and Wastewater Funds consist of aviation fuel held for sale as well as expendable supplies held for maintenance and improvements. Inventories are stated at cost using the consumption method.

5. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, street lights, etc.) are reported in the applicable governmental or business-type activities column in the governmental-wide financial statements. Capital assets are charged to expenditures as purchased in the governmental fund statements, and capitalized in the proprietary fund statements. Capital assets are recorded at historical cost, or estimated historical cost if actual cost is not available. Donated capital assets are recorded at their estimated fair market value at the time received. Capital assets are defined by the City as assets with an initial, individual cost of \$2,500 or more, and having useful lives extending beyond a single reporting period. Additions or improvements and other capital outlays that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest costs were capitalized during the year ended June 30, 2013.

Depreciation on exhaustible assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Assets and is provided on the straight-line basis over the following estimated useful lives:

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 1. - Summary of Significant Accounting Policies, continued

<u>Asset</u>	<u>Years</u>
Buildings	40
Improvements	25
Infrastructure	25-40
Vehicles	5
Furniture & Equipment	5

Monthly depreciation is taken in the year the assets are acquired or retired. Gains or losses from sales or retirements of capital assets are included in operations of the current period.

6. Compensated absences

Accumulated vested vacation pay is accrued as it is earned. For governmental funds, accumulated vested vacation pay is maintained separately and represents a reconciling item between the fund level and government-wide presentations. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits. Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it.

Funds used to liquidate accrued compensated absences included the general fund, street fund, water fund, wastewater fund, event center fund, storm water fund, and public works administration fund.

7. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the bonds-outstanding method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Fund equity

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – non-spendable, restricted, committed, assigned and unassigned.

Non-spendable – Includes items not immediately converted to cash, such as prepaid items and inventory.

Restricted – Includes items that are restricted by external creditors, grantors or contributors, or restricted by legal constitutional provisions.

Committed – Includes items committed by the City Council, by formal council action. Commitments of fund balance must be made prior to the end of the fiscal year.

Assigned – Includes items assigned for specific uses, authorized by the City. Assignments of fund balance can be done at any time, including after the fiscal year end date.

Unassigned – This is the residual classification used for those balances not assigned to another category.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, followed by committed, assigned, and unassigned fund balance.

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 1. - Summary of Significant Accounting Policies, continued

9. Accounting estimates

The preparation of financial statements in conformity with accounting principles generally accepted requires that management make estimates and assumptions which affect the reporting amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimated.

Note 2. - Cash and Cash Equivalents

The City maintains a cash and investment pool for its cash and cash equivalents in which each fund participates. At June 30, 2013 Cash and investments comprise the following:

	<u>June 30, 2013</u>
Petty Cash	\$ 1,100
Deposits with financial institutions	1,438,927
Local government investment pool	5,373,564
Oregon Community Foundation	79,741
Total	<u>\$ 6,893,332</u>

A. Interest rate risk

The City of Florence does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, it has historically invested only in the LGIP. As of June 30, 2013, 71% of the investments in the LGIP mature within 93 days, 9% mature within 94 days to one year, and 20% mature within one to three years.

B. Credit risk

State statutes authorize the City of Florence to invest in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, and the State Treasurer's Oregon Local Government Investment Pool, among others. The City has no investment policy that would further limit its investment choices. The LGIP's portfolio concentration of credit risk at June 30, 2013 included: Corporate Notes (47%), U.S. Treasury and Agency Securities (36%), Non-US Governmental Debt (5%), Certificates of Deposits (8%), Municipal Bonds (4%). The credit risk associated with the investments was: AA rating (29%), A rating (34%), BBB rating (8%), and not rated (29%).

All investments of the City shall be made in accordance with Oregon Revised Statutes: ORS 294.035 (Investment of surplus funds of political subdivisions; approved investments), ORS 294.040 (Restriction on investments under ORS 294.035), ORS 294.135 (Investment maturity dates), ORS 294.145 (Prohibited conduct for custodial officer), ORS 294.805 to 294.895 (Local Government Investment Pool). Any revisions or extensions of these sections of the ORS shall be assumed to be part of this investment policy immediately upon being enacted.

The City has a concentration in the Local Government Investment Pool representing 77.95% of cash and cash equivalents at June 30, 2013.

C. Custodial credit risk -- deposits

In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned. The Federal Depository Insurance Corporation (FDIC) provides insurance for the City's deposits with financial institutions up to \$250,000 each for the aggregate of all non-interest bearing accounts and the aggregate of all interest bearing accounts at each institution. Deposits in excess of FDIC coverage with institutions participating in the Oregon Public Funds Collateralization Program are considered fully collateralized. As of June 30, 2013, none of the City's bank balances were exposed to credit risk.

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 3. - Property Taxes and Assessments Receivable

Property taxes receivable, which have been collected within sixty days subsequent to year end, are considered measurable and available and are therefore recognized as revenue.

All other property taxes receivable are offset by deferred revenue and, accordingly, have not been recorded as revenue. Real and personal property taxes are levied as of July 1 of each fiscal year on values assessed as of that date. Property taxes attach as an enforceable lien on both real and personal property as of July 1 and are due and payable in three installments on November 15, February 15, and May 15. All property taxes are billed and collected by Lane County and remitted to the City.

Assessments receivable are amounts billed to property owners upon completion of the benefiting project.

Uncollected taxes and assessments are deemed to be substantially collectible or recoverable through liens. Therefore, no allowance for uncollectible accounts has been established.

Note 4. - Capital Assets

Capital asset activity for the year ended June 30, 2013 was as follows:

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 6. - Long-Term Debt, continued

A. Bonds payable

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities. These bonds are reported in the proprietary funds if they are expected to be repaid from proprietary fund revenues. General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as twenty-year serial bonds with equal amounts of principal maturing each year. General obligation bonds outstanding at June 30, 2013 are as follows:

Governmental Activities

During 2008, the City issued \$1,635,000 of advanced refunded general obligation debt at 3.50% on its 1998 advanced refunded general obligation debt for the justice center. Semiannual payments are made from assessments on the property benefiting from the improvements. Bond principal and interest is payable semiannually through September 2014. \$ 599,523

During 2010, the City issued \$8,750,000 of full faith and credit & refunding obligations debt with \$8,310,000 at 3.064% and \$440,000 at 3.75%. This bond was used to fund projects for enterprise funds as well as governmental funds. The governmental portion was \$633,247. Semiannual payments are made from assessments on the property benefiting from the improvements. Bond principal and interest is payable semiannually through December 2030. 554,750

During 2010, the City issued \$1,478,000 of limited tax improvement bonds at 3.81% for the Spruce St LID. Semiannual payments are made from assessments on the property benefiting from the improvements. Bond principal and interest is payable semiannually through December 2030. 1,380,000

During 2011, the City issued \$1,245,000 of full faith and credit & refunding obligations debt at 4.14% for the Local Oregon Capital Assets Program (LOCAP). This bond was used to fund projects for enterprise funds as well as governmental funds. The governmental portion was \$562,804. Semiannual payments are made from assessments on the property benefiting from the improvements. Bond principal and interest is payable semiannually through June 2031. 522,118

Total bonds payable \$ 3,056,391

Note 6. - Long-Term Debt, continued

B. General obligation notes payable

General obligation notes payable consist of three long-term notes obtained from the Special Public Works Fund of the Oregon Economic Development Department, one long-term note from the State of Oregon Revolving Fund and one local improvement district bond anticipation note from U.S. Bank National Association. The following schedule provides specific information about these notes:

Governmental Activities

On September 27, 2010, the City received proceeds in the amount of \$89,950 from US Bank for an asphalt zipper. Loan principal and interest is payable annually at 4.242% through October 2013.	\$ 22,975
On July 8, 2011, the Florence Urban Renewal Agency received proceeds in the amount of \$2,500,000 from Oregon Pacific Bank to finance the Old Town Infrastructure Project. Loan principal and interest is payable semiannually at 3.75% through October 15, 2015.	2,045,000
On October 3, 2011, the City received proceeds in the amount of \$317,322 from Oregon Pacific Bank. The funds were used to purchase vehicles and equipment for enterprise funds as well as governmental funds. The governmental portion was \$202,322. Loan principal and interest is payable annually at 3.75% through October 2015.	129,957
On November 26, 2012, the City received proceeds in the amount of \$595,000 from Siuslaw Bank to finance the purchase of vehicles and equipment. The government portion was \$340,000. Loan principal and interest is payable semiannually at 3.5% through November 2017.	335,344
Total notes payable	<u>\$ 2,533,276</u>

Annual debt service requirements to maturity for notes payable are as follows:

Note 6. - Long-Term Debt, continued

Business Type Activities

During 1994 the City received 1,147,000 of financing from Special Public Works Fund of the Oregon Economic Development Department (OEDD) to finance expansion of the City's water plant. Annual payments on the 20 year loan are made from revenues from the water users. The annual interest rate is 5.8%. Loan principal and interest is payable annually through December 2014.	\$ 180,881
On June 21, 1995, the City received \$120,000 of financing from Special Public Works Fund of the Oregon Economic Development Department (OEDD) to finance improvements to the City's water system. The annual interest rate is 6%. Loan principal and interest is payable annually through December 2014.	18,871
On September 6, 1996, the City received proceeds in the amount of \$611,000 from the Special Public Works Fund of the Oregon Economic Development Department (OEDD) for systems improvements for the airport business park infrastructure. Loan principal and interest is payable annually at 5.33% through December 2016.	181,328
On August 31, 2010, the City entered into a loan agreement with the Oregon Business Development Department to receive a loan in the amount of \$657,057 to permanently finance the Florence Wastewater Transmission Line & Intersection Improvements. Loan interest rate is variable between 2% and 4%. Loan principal and interest is payable annually through December 2034.	629,143
On February 12, 2010, the City entered into an agreement with the State of Oregon Department of Environmental Quality for a loan in the amount of \$4,923,260 to finance rehabilitation to a major wastewater trunk sewer. Loan principal payments commence upon completion of the project. The loan has a twenty year maturity with loan fees of 0.5% of the outstanding balance payable annually.	4,835,057
On October 3, 2011, the City received proceeds in the amount of \$317,322 from Oregon Pacific Bank. The funds were used to purchase vehicles and equipment for enterprise funds as well as governmental funds. The business type portion was \$115,000. Loan principal and interest is payable annually at 3.75% through October 2015.	73,878
On November 26, 2012, the City received proceeds in the amount of \$595,000 from Siuslaw Bank to finance the purchase of vehicles and equipment. The business type portion was \$255,000. Loan principal and interest is payable semiannually at 3.5% through November 2017.	<u>204,256</u>
Total notes payable	<u>\$ 6,123,414</u>

C. Special assessments

The City has issued special assessment debt in past years for construction of streets and water system expansion. These bonds will be repaid from amounts levied against property owners benefited by this construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the City must provide resources to cover the deficiency.

Business Type Activities

During 2013, the City issued \$1,460,000 of Water GO bonds for refunding of existing General Obligation Water Bonds for water system improvements. The bond pays interest of 2.11%. The bond matures in June 2022. Loan principal and interest is payable semiannually through June 2022.

\$ 1,476,848

Annual debt service requirements to maturity for special assessment debt are as follows:

Fiscal Year	Water System Improvement	
	Principal	Interest
2014	\$ 164,094	\$ 31,681
2015	164,094	27,699
2016	164,094	24,237
2017	164,094	20,774
2018	164,094	17,312
2019-22	<u>656,378</u>	<u>34,624</u>
	<u>\$ 1,476,848</u>	<u>\$ 156,327</u>

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 6. - Long-Term Debt, continued

Debt defeasance

During 2013, the City received \$1,476,848 from U.S. Bank to fund a defeasance of \$1,624,675 of the outstanding 2003 General Obligation bonds with an interest rate of 2.11%. The U.S. Bank funds were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the defeased portion of the 2003 General Obligation bonds. As a result, \$1,624,675 of the 2003 General Obligation bonds are considered to be defeased and the liability for the amount defeased is not reported as part of the City's long-term debt. This resulted in an economic gain of \$161,505 and a cash flow gain of \$173,188 over the remaining bond term to the City.

D. Capital lease

The City has entered into a lease agreement for financing the acquisition of certain equipment. This lease agreement qualifies as a capital lease for accounting purposes (title transfers at the end of the lease term) and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception.

The following is an analysis of equipment leased under capital lease as of June 30, 2013:

	<u>Lease Obligation</u>	<u>Equipment Carrying Value</u>
Stormwater Fund:		
Elgin Crosswind Sweeper, 5.07%, \$11,811 semiannual payments including interest, final payment due February 7, 2015	\$ 44,394	\$ -

The following is a schedule of future minimum lease payments under the capital leases, and the present value of the net minimum lease payments at June 30, 2013.

<u>Fiscal Year</u>	<u>Amount</u>
2014	\$ 23,621
2015	23,622
Total minimum lease payments	47,243
Less amount representing interest	(2,849)
Total minimum lease payments	\$ 44,394

Note 7. - Pension Plan

A. Plan description

The City contributes to two pension plans administered by the Oregon Public Employees Retirement System (PERS). The Oregon Public Employees Retirement Fund (OPERF) applies to the City's contribution for qualifying employees who were hired before August 29, 2003, and is a cost-sharing multiple-employer defined benefit pension plan. The Oregon Public Service Retirement Plan (OPSRP) is a hybrid successor plan to the OPERF and consists of two programs: The Pension Program, the defined benefit portion of the plan, applies to qualifying City employees hired after August 29, 2003, and to inactive employees who return to employment following a six-month or greater break in service. Benefits are calculated by a formula for members who attain normal retirement age. The formula takes into account final average salary and years of service. Beginning January 1, 2004, all PERS member contributions go into the Individual Account Program (IAP), the defined contribution portion of the plan. PERS members retain their existing PERS accounts, but any future member contributions are deposited into the member's IAP, not the member's PERS account.

Both PERS plans provide retirement and disability benefits, post employment healthcare benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS is administered under Oregon Revised Statute Chapter 238, which establishes the Public Employees Retirement Board as the governing body of PERS. PERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to PERS, PO Box 23700, Tigard, OR, 97281-3700 or by calling 503-598-7377.

CITY OF FLORENCE, OREGON

Notes to Financial Statements

June 30, 2013

Note 7. - Pension Plan, continued

B. Funding policy

Members of PERS are required to contribute 6.00% of their salary covered under the plan, which is invested in the OPSRP Individual Account Program. The City is required by ORS 238.225 to contribute at an actuarially determined rate for the qualifying employees under the OPERF plan, and a general service rate for the qualifying employees under the OPSRP plan.

The OPERF rate in effect for the year ended June 30, 2013 was 10.38% and the annual pension cost was \$427,583. This was comprised of \$259,371 in employer contributions and \$168,212 of employee contributions. The OPSRP rates in effect for the year ended June 30, 2013 were 6.57% for general employees 9.28% for police and fire employees. The contribution requirements for plan members are established by ORS Chapter 238 and may be amended by an act of the Oregon Legislature.

C. Annual pension cost

The following table presents three-year trend information for the City's employee pension plan:

Fiscal Year Ended	Annual Pension Cost (APC)	% of APC Contributed	Net Pension Obligation
6/30/11	\$ 438,070	100%	\$ -
6/30/12	523,713	100%	-
6/30/13	427,583	100%	-

Note 8. - Intergovernmental Agreement

In December of 2008, the City's Urban Renewal Agency entered into an intergovernmental agreement with Siuslaw Public Library District. The Agency will assist the District in repaying financing obtained by the district in the amount of \$315,000 to fund the Library expansion project. Payments for this financing were \$32,480 for the year ended June 30, 2013.

Note 9. - Risk Management

The City is exposed to various risks of loss related to errors and omissions; automobile; damage to or destruction of assets; bodily injury; and worker's compensation for which the City carries commercial insurance. There has been no significant reduction in insurance coverage from the prior year and settled claims have not reached the level of commercial coverage in any of the past three fiscal years.

Note 10. - Implementation of New Accounting Guidance, reclassification

In the year ended June 30, 2013 the City implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This statement requires retroactively restating financial statements, for all periods presented. Additionally during the year the City changed the Airport fund from a Special Revenue Fund to an Enterprise fund. The cumulative effect of applying this Statement and the change in reporting is reported as a restatement of 2012 beginning net position and bond issuance costs as follows.

	2012		
	Bond issuance cost net	Change in airport Reporting	Net Position, beginning of year
As originally stated	\$ 166,472	\$ -	\$ 17,030,816
Implementation of GASB 65	(166,472)	-	(166,472)
Change in Airport reporting	-	(3,562,101)	(3,562,101)
As restated	<u>\$ (166,472)</u>	<u>\$ (3,562,101)</u>	<u>\$ 13,302,243</u>

FUND FINANCIAL STATEMENTS
Major Governmental Funds

General Fund

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

Street Fund

The Street Fund is used to account for maintenance and construction of the City's streets. State gasoline taxes, Lane County urban transition revenues, and assessments for street improvements are used to finance various street projects and ongoing maintenance.

Florence Urban Renewal Agency Fund

The Florence Urban Renewal Fund is used to account for the revenue and expenditures under the Urban Renewal Plan. The primary source of revenues is taxes.

Florence Debt Service Fund

The Florence Urban Renewal Debt Service Fund is used to account for revenues and expenditures related to the servicing of general long-term debt.

Bancroft Bond Fund

The Bancroft Bond Fund is used to account for special assessment revenue from local improvement districts and the servicing of related bonded debt incurred in the course of improvement construction

FFC 2010B Bond Fund

The FFC 2010B Bond Fund is used to account for the full-faith and credit bonds that were issued in November of 2010. Bond proceeds were used to finance new projects for the Justice Center and Stormwater and Wastewater operations as well as retire the Clean Water State Revolving Loan Fund Debt.

Debt Service Fund

The Debt Service Fund is currently used to account only for the LOCAP program series 2011 note.

Spruce St. LID Bond Fund

This fund is used to account for special assessment revenue from local improvement district and the servicing of related bonded debt incurred for the improvement of Spruce Street.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements.

Nonmajor Special Revenue Funds

911 Emergency Fund

The 911 Emergency Fund is used to account for revenue from the 911 telephone tax and user fees from various special districts for operation of the Western Lane County Public Safety Answering Point (PSAP).

Room Tax Fund

The Room Tax Fund is used to account for The City's room tax receipts. These taxes are used to help support the Florence Events Center and to accomplish specific Chamber of Commerce and tourism-related projects.

Street Systems Development Fund

The Street Systems Development Fund is used to account for major street improvements. The primary source of revenues is street system development fees on new construction within the City.

Nonmajor Enterprise Funds

Events Center Fund

The Events Center Fund is used to account for the operation of the Florence Events Center. The revenue sources consist of admission fees, charges for services, and room tax revenues.

Events Center Debt Service Fund

The Events Center Debt Service Fund is used to account for the lease-purchase financing arrangement for the construction of the Florence Events Center. The debt service fund is financed primarily through a twenty-year intergovernmental agreement with Lane County.

Airport Operations Fund

The Airport Operations Fund is used to account for the development and operation of the City's public airport and Business Park.

INTERNAL SERVICE FUND

These funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Public Works Administration

The Public Works Administration fund is used to account for all public works general overhead and personnel cost for employees and activities that benefit all the public work type funds (Water, Wastewater, Stormwater and Streets).

COMPLIANCE SECTION

DRAFT

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *MINIMUM STANDARDS FOR AUDITS OF OREGON MUNICIPAL CORPORATIONS*

Honorable Mayor and City Council
City of Florence, Oregon

We have audited the financial statements and schedules of the City of Florence, Oregon ("City") as of and for the year ended June 30, 2013, and have issued our report thereon dated December 9, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the City's compliance with certain provisions of laws, regulations, contracts and grants including provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules OAR 162-010-0000 to 162-010-0330, as set forth below, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

- Accounting records and related internal control structure.
- The use of various depositories to secure the deposit of public funds.
- The requirements relating to debt.
- The requirements relating to the preparation, adoption and execution of the City's budget for the current fiscal year and the next succeeding fiscal year ending June 30, 2014.
- The requirements relating to insurance and fidelity bond coverage.
- The appropriate laws, rules and regulations pertaining to programs funded wholly or partially by other governmental agencies.
- The requirements pertaining to the use of revenue from taxes on motor vehicle use fuel funds.
- The statutory requirements pertaining to the investment of public funds.
- The requirements pertaining to the awarding of public contracts and the construction of public improvements.

However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a

reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the audit committee, and the Honorable Mayor and Council and the Secretary of State, Audits Division, of the State of Oregon. However, this report is a matter of public record and its distribution is not limited.
