

Historic Preservation for Oregon

24 CFR Part 58

General requirements	Legislation	Regulation
Protect sites, buildings, objects, structures, and districts with national, state or local historic, cultural and/or archeological significance. Identify effects of project on historic properties	National Historic Preservation Act, 16 U.S.C. 470(f), section 106	36 CFR Part 800 24 CFR Part 58.5(a)

1. Does the project include repair, rehabilitation or conversion of existing properties; new construction; the acquisition of undeveloped land; or any activity that requires ground disturbance (defined as one cubic foot of disturbed soil)?

- No: STOP here. The Section 106 Historic Preservation review is complete.
Record your determination on the Statutory Worksheet or Environmental Assessment.
- Yes: PROCEED to #2

2. Does the project involve a structure that is less than 45 years old, is not in a historic district and has no ground disturbing activities?

- Yes: STOP here. The Section 106 Historic Preservation review is complete.
Record your determination that there is no potential to cause effect, including the age of the existing building and information from the National Register to show that the activity is not in a historic district, on the Statutory Worksheet or Environmental Assessment.
- No: PROCEED to #3

3. Consult with SHPO or THPO and any tribes or groups that may have an interest in the project to determine if the project is eligible for the National Register of Historic Places.

- You must define and consider the Area of Potential Effect (APE). The APE is the geographic area within which an undertaking may directly or indirectly cause changes in the character or use of historic properties. The APE is influenced by the scale and nature of an undertaking. (36 CFR Part 800.16).
- Determine if there are tribes or groups that have an interest in the historic aspects of the project and invite them to participate in the consultation. For ground disturbing activities, you must make a reasonable and good faith effort to identify Indian tribes that may have an interest. HUD’s website lists interested tribes by county: <https://egis.hud.gov/tdat/> It is suggested that you go to the Legislative Commission on Indian Services, Tribal websites, or contact the SHPO to make sure contact information is current.
- Consult the State Historic Preservation Officer (SHPO), or if the project is on certain tribal lands, the Tribal Historic Preservation Officer (THPO), with details of the project and project site and your determination if it is eligible for the National Register of Historic Places. Instructions on how to submit projects for review to the Oregon SHPO and submittal requirements are below. SHPO or THPO has 30 calendar days from receipt of adequate documentation to review and concur or comment on your determination of eligibility and finding of effect. If SHPO does not respond within the timeframe, or provide a description of additional information needed, you may proceed with the next step of the process based on your finding or consult with the Advisory Council on Historic Preservation (ACHP).

State Historic Preservation Officer contacts: <http://www.nps.gov/nr/shpolist.htm>
Tribal Historic Preservation Officers contacts: <http://www.nathpo.org/map.html>

Proceed as appropriate based on the Finding:

- No Historic Properties Affected:** STOP here. The Section 106 Historic Preservation review is complete.
Attach SHPO/THPO concurrence, copies of letters to and from other interested parties and the tribes, and your response to the ERR. If SHPO/THPO did not respond within 30 days, your dated letter documents

compliance. Record your determination of no historic properties affected on the Statutory Worksheet or Environmental Assessment.

- No Adverse Effect on Historic Property:** STOP here. The Section 106 Historic Preservation review is complete. **Categorically Excluded projects (24 CFR Part 58.35(a)) CANNOT convert to exempt with this determination.**

Attach SHPO/THPO concurrence, copies of letters to and from other interested parties and the tribes, and your response to the ERR. Record your determination of no adverse affect on historic properties on the Statutory Worksheet or Environmental Assessment. **Note: Individual scattered site projects will be addressed in the Site Specific review for each project for project specific determination.**

- Adverse Effect on Historic Property** Resolve Adverse Effects per 800.6 in consultation with SHPO/THPO, the ACHP if participating, and any consulting parties. The loan or grant may not be approved until adverse effects are resolved according to 800.6 or you have complied with 36 CFR Part 800. **Categorically Excluded projects (24 CFR Part 58.35(a)) CANNOT convert to exempt with this determination.**

Make sure that the resolution is fully documented in your ERR with all SHPO/THPO correspondence, copies of letters to and from other interested parties and the tribes, surveys, MOAs etc.

Submittal Processes for the Oregon SHPO:

The Oregon SHPO is able to electronically receive project documentation using Go Digital. Go Digital submittals are sent to ORSHPO.Clearance@oregon.gov with the appropriate attachments. This dedicated email account is monitored by support staff and ensures your project receives a SHPO case number and is assigned to the appropriate staff for review. Do not send digital submissions to individual staff members. Instructions on Go Digital are available for download from: <https://www.oregon.gov/oprd/HCD/SHPO/Pages/go-digital.aspx>.

Submittal Requirements for the Oregon SHPO

For all reviews, include a cover letter with the following:

- A statement that you are the “responsible entity” for Section 106 consultation.
- A detailed description of the proposed project actions.
- Determinations of eligibility for all cultural resources.
- Finding of effect for the undertaking.

For Built Environment reviews, include:

- Completed Oregon SHPO Clearance Form, available for download from https://www.oregon.gov/oprd/HCD/SHPO/Pages/preservation_106.aspx. If multiple properties are being recorded, each property needs a separate form.

For Archaeological review, include:

- A map with the APE clearly delineated.
- A history of the APE (e.g. past development, land use, existing utilities)
- An archaeological report with the SHPO report cover sheet, available for download from <https://www.oregon.gov/oprd/HCD/ARCH/Pages/index.aspx>.
- Shapefiles of APE, survey area, and any resources discovered

Re: Florence 2021, Regional Housing Rehabilitation Program, CDBG Project H21009

Dear Mary Beth Grover,

The City of Florence is preparing for funding the project listed above with federal funds from the U.S. Department of Housing and Urban Development (HUD). Under HUD regulation 24 CFR 58.4, the City of Florence has assumed HUD's environmental review responsibilities for the project, including tribal consultation related to historic properties. Historic properties include archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, traditional cultural places and landscapes, plant and animal communities, and buildings and structures with significant tribal association.

The City of Florence will conduct a review of this project to comply with Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800. We would like to invite you to be a consulting party in this review to help identify historic properties in the project area that may have religious and cultural significance to your tribe, and if such properties exist, to help assess how the project might affect them. If the project might have an adverse effect, we would like to discuss possible ways to avoid, minimize or mitigate potential adverse effects. Our purpose at this time is an area wide environmental review preliminary consultation, not all scattered sites have been identified at this time. The City or St. Vincent de Paul, acting on behalf of the City of Florence, will submit a clearance form for environmental review for all proposed structures 45 years of age or older.

To meet project timeframes, if you would like to be a consulting party on this project, can you please let us know of your interest within 30 days? If you have any initial concerns with impacts of the project on religious or cultural properties, can you please note them in your response?

Project Description: The City of Florence is subcontracting with St. Vincent DePaul Society of Lane County, to rehabilitate and repair low and moderate-income, owner-occupied homes, in Florence, small communities of Lane County and surrounding rural Lane County. Eligible applicants can include any owner-occupied home in Lane County, except for properties located within the city limits of Eugene and Springfield, however, most of the properties identified are in/near Florence. Not all properties have yet been identified and a more detailed review will be completed on a site-specific basis.

Re: Florence 2021, Regional Housing Rehabilitation Program, CDBG Project H21009

Dear Tribal Chairwoman Kennedy,

The City of Florence is preparing for funding the project listed above with federal funds from the U.S. Department of Housing and Urban Development (HUD). Under HUD regulation 24 CFR 58.4, the City of Florence has assumed HUD's environmental review responsibilities for the project, including tribal consultation related to historic properties. Historic properties include archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, traditional cultural places and landscapes, plant and animal communities, and buildings and structures with significant tribal association.

The City of Florence will conduct a review of this project to comply with Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800. We would like to invite you to be a consulting party in this review to help identify historic properties in the project area that may have religious and cultural significance to your tribe, and if such properties exist, to help assess how the project might affect them. If the project might have an adverse effect, we would like to discuss possible ways to avoid, minimize or mitigate potential adverse effects.

To meet project timeframes, if you would like to be a consulting party on this project, can you please let us know of your interest within 30 days? If you have any initial concerns with impacts of the project on religious or cultural properties, can you please note them in your response?

Project Description: The City of Florence is subcontracting with St. Vincent DePaul Society of Lane County, to rehabilitate and repair low and moderate-income, owner-occupied homes, in Florence, small communities of Lane County and surrounding rural Lane County. Eligible applicants can include any owner-occupied home in Lane County, except for properties located within the city limits of Eugene and Springfield, however, most of the properties identified are in/near Florence. Not all properties have yet been identified and a more detailed review will be completed on a site-specific basis.

Re: Florence 2021, Regional Housing Rehabilitation Program, CDBG Project H21009

Dear Chairperson Bossley,

The City of Florence is preparing for funding the project listed above with federal funds from the U.S. Department of Housing and Urban Development (HUD). Under HUD regulation 24 CFR 58.4, the City of Florence has assumed HUD's environmental review responsibilities for the project, including tribal consultation related to historic properties. Historic properties include archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, traditional cultural places and landscapes, plant and animal communities, and buildings and structures with significant tribal association.

The City of Florence will conduct a review of this project to comply with Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800. We would like to invite you to be a consulting party in this review to help identify historic properties in the project area that may have religious and cultural significance to your tribe, and if such properties exist, to help assess how the project might affect them. If the project might have an adverse effect, we would like to discuss possible ways to avoid, minimize or mitigate potential adverse effects.

To meet project timeframes, if you would like to be a consulting party on this project, can you please let us know of your interest within 30 days? If you have any initial concerns with impacts of the project on religious or cultural properties, can you please note them in your response?

Project Description: The City of Florence is subcontracting with St. Vincent DePaul Society of Lane County, to rehabilitate and repair low and moderate-income, owner-occupied homes, in Florence, small communities of Lane County and surrounding rural Lane County. Eligible applicants can include any owner-occupied home in Lane County, except for properties located within the city limits of Eugene and Springfield, however, most of the properties identified are in/near Florence. Not all properties have yet been identified and a more detailed review will be completed on a site-specific basis. Should any discoveries be made that have the potential to impact tribal and historic resources, all work will stop immediately and the Tribal Historic Preservation Officer and/or State Historic Preservation Officer or Archaeologist will be contacted. Enclosed is a map that shows the project service area.

Good afternoon,

Thank you for the opportunity to consult on the Regional Rehabilitation Program, CDBG Project H21009.

CTCLUSI is interested in consulting on the rehabilitation and home repair projects within the project service area that will require ground disturbance.

We request that we be contacted immediately if any known or suspected cultural resources are encountered during any phase of the work.

Please send all consultation requests to THPO@ctclusi.org

Thank you,
Courtney Krossman

Coquille THPO will defer comments to the other tribes indicated by Oregon LCIS for this project.

Please keep us informed of significant archaeological findings, which may include ancestral human remains or funerary items. In the event that ancestral remains are observed or disturbed, follow the [State Guidelines](#). In the event that proposed mitigation measures may be developed for other cultural resources in the Project area, we would like to have the opportunity to comment.

Good afternoon,

Thank you for the opportunity to consult on the Regional Rehabilitation Program, CDBG Project H21009.

CTCLUSI is interested in consulting on the rehabilitation and home repair projects within the project service area that will require ground disturbance.

We request that we be contacted immediately if any known or suspected cultural resources are encountered during any phase of the work.

Please send all consultation requests to THPO@ctclusi.org

Thank you,

Tribal Consultation Letters

Delivery Certification

Florence Housing Rehabilitation Project H21009

St. Vincent de Paul, Andy Clay, RHRP Program Manager prepared individual Tribal Consultation letters in accordance to the sample letter displayed in Exhibit 3Q of the Grant Management Handbook. The Tribal Consultation letters were sent via email on or before September 23, 2021 for all tribes listed in the TDAT directory and other Tribes identified through LCIS. Thereafter on September 27, 2021, all tribal contacts identified, who made no response, we sent the same letters via certified mail. All Tribes identified are listed in the Tribal Directory for Lane County see (Tribal Contacts - Lane County) and has been included in the Environmental Review Record.

I, Joe Henry, Mayor and RE, signed the Tribal Consultation letters sent to individual Tribes included in the attached Tribal Directory on the dates indicated above.

ARCHAEOLOGICAL INADVERTENT DISCOVERY PLAN (IDP)

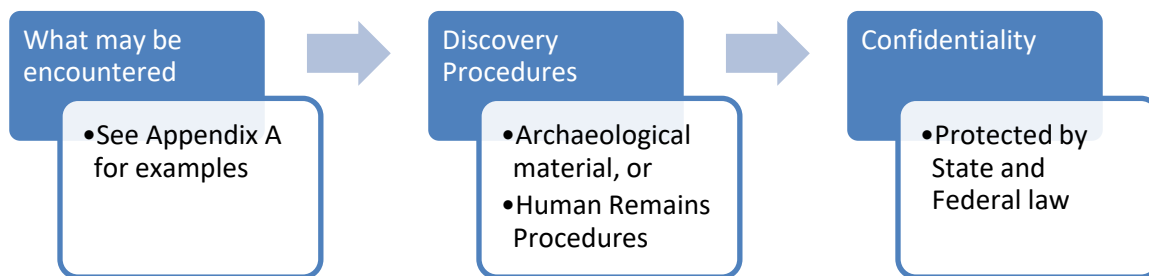

Project: Florence 2021 Housing Rehabilitation Project, CDBG Project H21009

Project Manager: St. Vincent de Paul Society of Lane County, Inc.

Date: October 21, 2021

SHPO Case Number: None Assigned

How to use this document

Archaeology consists of the physical remains of the activities of people in the past. This IDP should be followed should any archaeological sites, objects, or human remains are found. These are protected under Federal and State laws and their disturbance can result in criminal penalties.

This document pertains to the work of the Contractor, including any and all individuals, organizations, or companies associated with the Creswell 2019 Housing Rehabilitation Project, CDBG Project H19011.

WHAT MAY BE ENCOUNTERED

Archaeology can be found during any ground-disturbing activity. If encountered all excavation and work in the area **MUST STOP**. Archaeological objects vary and can include evidence or remnants of historic-era and precontact activities by humans. Archaeological objects can include but are not limited to:

- **Stone flakes, arrowheads, stone tools, bone or wooden tools, baskets, beads.**
- Historic building materials such as **nails, glass, metal** such as cans, barrel rings, farm implements, **ceramics, bottles, marbles, beads.**
- Layers of **discolored earth** resulting from hearth fire
- Structural remains such as **foundations**
- **Shell Middens**
- **Human skeletal remains** and/or **bone fragments** which may be whole or fragmented.

For photographic examples of artifacts, please see Appendix A. (Human remains not included)

If there is an inadvertent discovery of any archaeological objects see procedures below.

If in doubt call it in.

DISCOVERY PROCEDURES: WHAT TO DO IF YOU FIND SOMETHING

1. Stop ALL work in the vicinity of the find
2. Secure and protect area of inadvertent discovery with 30 meter/100 foot buffer—work may continue outside of this buffer
3. Notify Project Manager and Agency Official
4. Project Manager will need to contact a professional archaeologist to assess the find.
5. If archaeologist determines the find is an archaeological site or object, contact SHPO. If it is determined to *not* be archaeological, you may continue work.

HUMAN REMAINS PROCEDURES

1. If it is believed the find may be human remains, stop ALL work.
2. Secure and protect area of inadvertent discovery with 30 meter/100 foot buffer, then work may continue outside of this buffer with caution.
3. Cover remains from view and protect them from damage or exposure, restrict access, and leave in place until directed otherwise. **Do not take photographs. Do not speak to the media.**
4. Notify:
 - Project Manager
 - Agency Official
 - Oregon State Police **DO NOT CALL 911**
 - SHPO
 - LCIS
 - Appropriate Native American Tribes
5. If the site is determined not to be a crime scene by the Oregon State Police, do not move anything! The remains will continue to be *secured in place* along with any associated funerary objects, and protected from weather, water runoff, and shielded from view.
6. Do not resume any work in the buffered area until a plan is developed and carried out between the State Police, SHPO, LCIS, and appropriate Native American Tribes and you are directed that work may proceed.
