Projects located in the following states must complete this form.

|                |          |               |                          |                |                |
|----------------|----------|---------------|--------------------------|----------------|----------------|
| Alabama        | Florida  | Louisiana     | Mississippi              | Ohio           | Texas          |
| Alaska         | Georgia  | Maine         | New Hampshire            | Oregon         | Virgin Islands |
| American Samoa | Guam     | Maryland      | New Jersey               | Pennsylvania   | Virginia       |
| California     | Hawaii   | Massachusetts | New York                 | Puerto Rico    | Washington     |
| Connecticut    | Illinois | Michigan      | North Carolina           | Rhode Island   | Wisconsin      |
| Delaware       | Indiana  | Minnesota     | Northern Mariana Islands | South Carolina |                |

### 1. Is the project located in, or does it affect, a Coastal Zone as defined in your state Coastal Management Plan?

Yes → Continue to Question 2.

No → Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide a map showing that the site is not within a Coastal Zone.

### 2. Does this project include activities that are subject to state review?

Yes → Continue to Question 3.

No → Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide documentation used to make your determination.

### 3. Has this project been determined to be consistent with the State Coastal Management Program?

Yes, with mitigation. → Continue to Question 4.

Yes, without mitigation. → Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide documentation used to make your determination.

No, project must be canceled.

Project cannot proceed at this location.

**4. Explain in detail the proposed measures that must be implemented to mitigate for the impact or effect, including the timeline for implementation.**

→ *Continue to the Worksheet Summary below. Provide documentation of the consultation (including the State Coastal Management Program letter of consistency) and any other documentation used to make your determination.*

**Worksheet Summary**

**Compliance Determination**

Provide a clear description of your determination and a synopsis of the information that it was based on, such as:

- Map panel numbers and dates
- Names of all consulted parties and relevant consultation dates
- Names of plans or reports and relevant page numbers
- Any additional requirements specific to your region

Prior to initiating the project, we will assure that the contractor obtain applicable state and local permits, as needed, to demonstrate compliance and consistency with the Oregon Coastal Zone Management Program.

**Project:** Regional Housing Rehabilitation Program of Lane County  
**Federal Assistance:** State Community Development Block Grant through the United States Department of Housing and Urban Development.  
**Location:** Multiple locations within and surrounding Florence, Oregon in Lane County  
**Project Description:** Owner occupied housing rehab/repairs (i.e., roofs, dry-rot, plumbing, electric, sewer/septic repairs, etc.)

Dear Mr. Clay,

Thank you for contacting the Oregon Department of Land Conservation and Development (DLCD) regarding United States Department of Housing and Urban Development (HUD) funding for Regional Housing Rehabilitation Program of Lane County. DLCD is the state's designated coastal zone management agency, and conducts consistency reviews to ensure that federal activities affecting any coastal use or resource are consistent with the enforceable policies of the Oregon Coastal Management Program (OCMP). Federal activities include federal financial assistance to local governments and related public entities, as well as projects that require federal licenses or permits. To be consistent with the enforceable policies of the OCMP, federal activities must be consistent with: 1) Oregon's statewide planning goals; 2) the applicable acknowledged city or county comprehensive plan; and 3) selected state authorities (e.g. those governing removal-fill, water quality, and fish & wildlife protections).

If the federal nexus is limited to providing project funding, DLCD does not object to the federal funding under our CZMA authority, ***provided the applicant receives and complies with the conditions of all necessary local, state, and federal permits.*** If the project will require a federal license or permit, such as one from the U.S. Army Corps of Engineers, DLCD will conduct a full consistency review as part of the permitting phase, when information on county plan and zoning compatibility, as well as resource impacts, will be more readily available.

If you have any further questions about the coastal management program or federal consistency, please contact me at 503-956-8163 or by e-mail at: [deanna.caracciolo@dlcd.oregon.gov](mailto:deanna.caracciolo@dlcd.oregon.gov).

Sincerely,

Deanna Caracciolo,  
Coastal State-Federal Relations Coordinator
