Process of establishing care

Find a doctor or provider for yourself or a loved one on by calling new patient coordination services at **458-205-6400** or visit peacehealth.org/care-providers and search by specialty, name, location, type of insurance accepted and more.

Understanding waitlists

Nationally, there is a shortage of providers and sometimes finding a provider who is taking new patients can be difficult. What can you do if there aren't enough doctors in your area to see everyone? Here are a few options to consider:

- ✓ Sign up for one (or more) waiting lists for your preferred doctor(s).
- ✓ While you're waiting, assess your health needs to determine the types of care you need regularly. Then explore clinics or services that can meet those needs.

Our continuous commitment to your care

We are actively recruiting for new providers and understand that waiting to be seen can feel both confusing and frustrating. Through our recruitment efforts, we anticipate that our service line capacity will expand and our waitlist time to access a provider should decrease. We appreciate your patience and understanding and are committed to caring for you.

Thank you!

City Council Meeting

Agenda Item #1

Public Comment

Speaker's Cards & Written Comments Received

Written Comments – *In order of receipt*

- **Commentor 1** – Michael Allen

To: Mayor Rob Ward, City Councilors and City Manager Erin Reynolds
From: Michael and Patricia Allen, Florence Climate Emergency Campaign
Date: November 20, 2023
Subject: Climate Petition

We now have 1,841 signatories on our climate petition from city residents, area residents and visitors from all over the county, state, country and the world. There are 95 more signatures since I last presented the petition to you in September. Check out all the names to see who you recognize.

In signing the petition they all believe, as we do, that climate change is an emergency that demands an urgent response by our City and the community at large as well as others across the country and around the world.

Many of our signatories are in key positions in city government to meet the demands of the petition. They include three members of the City Council, two members of the Planning Commission, four members of the EMAC, and two members of the Transportation Committee.

They also come from leadership positions in our city and the surrounding area. They are church leaders, school board members, teachers in our schools, commissioners for the Siuslaw Watershed Council, business members of the Chamber of Commerce, etc., etc..

Visitors from out of town enthusiastically signed the petition as shown by the photos. We had a physics professor from Oregon University who pondered why our Mayor and City Council refuse to address the climate crisis, or to acknowledge that it is happening. He wasn't alone in his quandary. Many came from city's and towns that have stepped up to the challenge. They have declared climate emergencies, developed climate action plans, and best of all, hired sustainability specialists to implement the plans.

As you begin a new work plan cycle filled with many opportunities to address climate change we are open to meeting with you and any representative of the City of Florence to discuss the request in the petition and ways we can be of help.

Thank you for your attention in this most important matter.

Respectively,

Michael and Patricia Allen
and an additional 1,839 signatories

CLIMATE CHANGE – It goes in cycles until it doesn't

Florence Climate Emergency Campaign Petition 11-20-23

To: Florence City Council

After many long and frustrating attempts at getting action from federal, state, and local governments regarding our climate crisis, Michael Allen presented the Florence City Council a formal request to address the climate crisis during public comment at the July 15, 2019 Council meeting. Since no response was received from city councilors or city staff, we the undersigned are joining with Mr. Allen to demand the City Council respond to the urgent requests below by giving them due consideration.

Whereas, the former President of the United States withdrew us from the Paris Climate Agreement, and

Whereas, the Oregon State Legislature failed to pass a Climate bill, and

Whereas, we are closer to reaching a tipping point beyond which climate change becomes an existential threat, and

Whereas, a study by the Rocky Mountain Institute shows that pledges from cities, businesses, and individuals throughout the world would enable us to reach two thirds of the Paris Climate Agreement goals;

Therefore, we request that the City Council produce a resolution that pledges to join forces with community, county, state and federal entities to address our climate emergency, and

We further request the City Council designate a task force that includes a wide range of interested parties in order to develop a comprehensive Climate Action Plan for the City of Florence.

We also request the City Council support the youth of our state by asking the Governor of Oregon to declare a climate emergency.

Respectfully,

Michael Allen

Managed Information Technology (IT) Service Contracts

MANAGED INFORMATION TECHNOLOGY SERVICE CONTRACTS

MANAGED SERVICES REQUEST FOR PROPOSALS (RFP)

- RFP for managed information technology (IT) services closed on November 10, 2021
- Received two qualified responses
- Staff recommended contracting with StepUp IT Services, Inc. based in Eugene
- StepUp went live with services in May of 2022

CURRENT STRUCTURE

- Contracting with StepUp
 - Network oversight
 - End-user support
 - Endpoint security
- Contracting with Compunet
 - Cisco partner
 - Core telephony and communication support

PROPOSED STRUCTURE

- Contract with Hyak
 - End-user support
 - Endpoint security
 - MS 365 G3 migration
- Contract with Ancero
 - 24/7 Network oversight
- Continue contracting with Compunet
 - Cisco partner
 - Core telephony and communication support

WHY MOVE FROM STEPUP?

- Provide consistent end-user services to all City employees
 - Hyak is local to Florence
- Contracting with Ancero will provide breadth of service for the IT Department
 - Don't put all our apples in one basket

AGENDA ITEM #4

Florence Warming Center Request

FLORENCE

WARMING
CENTER

REQUEST

- The Florence Emergency Cold Weather Shelter (FECWS) a nonprofit agency is requesting that the City Council consider a request to operate a Florence Warming Center (FWC) in the Florence Community for the 2023-24 Winter Season.
- The Warming Center is proposed to be a traditional pre-pandemic indoor congregate adult only model at a host church site for winter nights when weather forecasts meet the “cold night” FECWS criteria.
- Materials and information from FECWS details out the following
 - Operations Matrix
 - Position Descriptions for Volunteer & Paid Positions
 - FWC Operations Policy & Procedures
 - Guest Agreement

CITY COUNCIL ACTION

1. The proposal from the FECWS for a warming center requires City Council approval under City Code “Siting Emergency Housing”
FCC 10-2-9-B: *The City Council may allow emergency shelter by any nonprofit organization or religious institution entity when low temperatures and adverse weather conditions endanger human life.*
2. Additional requests from the City:
 - FECWS to communicate the name and location church host site location once confirmed.
 - To communicate to City Staff and stakeholders the night(s) of operations at least 24 hours in advance.
3. This meeting is an opportunity to consider the FECWS request to operate a warming center as proposed and presented:
 - Request materials were in the Packet.
 - FECWS representatives present at the meeting for further questions.

FLORENCE WARMING CENTER

a program of the FLORENCE EMERGENCY COLD WEATHER
SHELTER COMMITTEE (FECWSC)

WHAT IS A WARMING CENTER?

- A WARMING CENTER PROVIDES A SAFE, DRY, WARM PLACE TO SLEEP WHEN WEATHER CONDITIONS ARE LIFE-THREATENING FOR THE UNHOUSED MEMBERS OF OUR COMMUNITY.
- THE GOAL IS TO KEEP PEOPLE ALIVE.
- THE FLORENCE EMERGENCY COLD WEATHER SHELTER WAS FORMED IN 2014 TO PROVIDE THIS SERVICE IN CONGREGATE SETTINGS SUCH AS CHURCH HALLS.
- DURING COVID, WE USED THE PALLET SHELTERS PROVIDED BY THE COUNTY
- FOR WINTER 2023-24 WE WANT TO GO BACK TO CONGREGATE SETTINGS

WHY PROVIDE A WARMING CENTER?

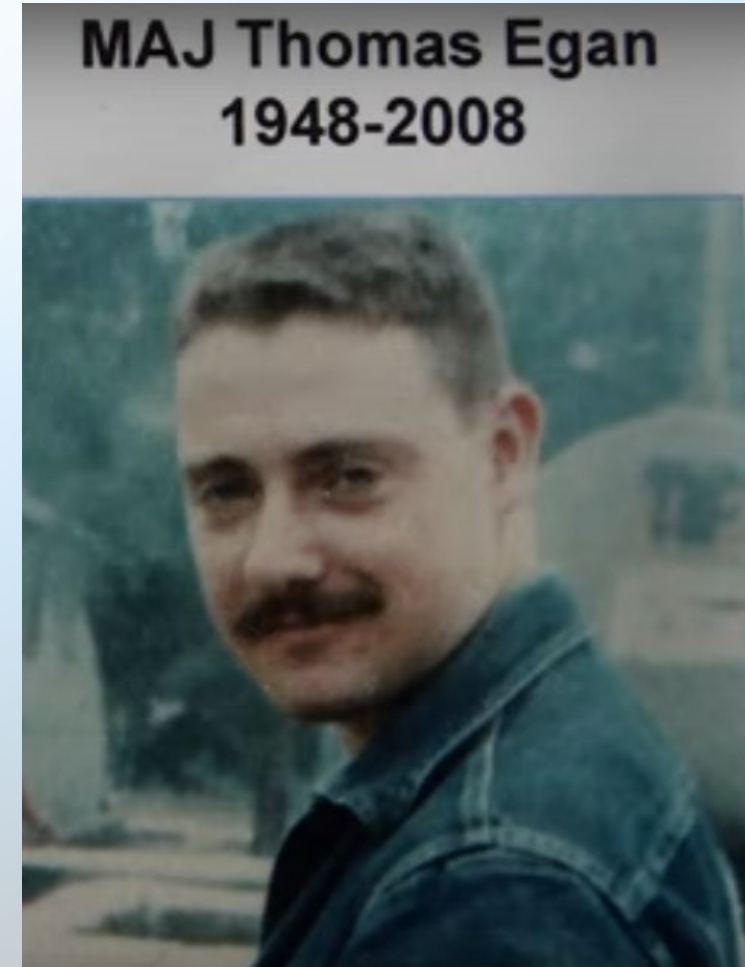

- THERE ARE OVER 200 MEMBERS OF THE FLORENCE COMMUNITY WHO ARE UNHOUSED DURING THE WINTER.
- WE KNOW THAT MANY PEOPLE WHO ARE UNHOUSED FOR SOME PERIOD OF TIME EVENTUALLY ARE ABLE TO MOVE BACK INTO PERMANENT HOUSING.
- WE WANT TO MAKE SURE THEY HAVE THAT OPPORTUNITY BY MAKING SURE THEY SURVIVE WHEN THEY ARE UNHOUSED.

WHAT DOES A WARMING CENTER LOOK LIKE?

- TO GET AN IDEA OF WHAT A WARMING CENTER IS, THERE IS NO BETTER EXAMPLE OF BEST PRACTICES THAN THE EGAN WARMING CENTERS IN EUGENE.
- WE HAVE BEEN ABLE TO TAKE ADVANTAGE OF THEIR TRAINING AND DOCUMENTATION WITH MODIFICATIONS TO FIT FLORENCE.
- IT IS IN WHAT IS CALLED A CONGREGATE SETTING SUCH AS A CHURCH HALL WITH SLEEPING MATTRESSES, TABLES FOR MEALS, ETC..
- IT WILL ONLY BE OPEN OVERNIGHT 5PM TO 8AM WHEN THE WEATHER IS PREDICTED TO BE LIFE-THREATENING AND WILL HAVE PAID AND VOLUNTEER STAFF AT ALL TIMES.

HOW DID EGAN WARMING CENTERS GET THEIR NAME?

- THOMAS EGAN EARNED A MASTER'S DEGREE FROM THE UNIVERSITY OF OREGON. HE RETIRED FROM THE OREGON NATIONAL GUARD IN 1991 WITH THE RANK OF MAJOR AFTER TWO DECADES OF SERVICE.
- AND HE FROZE TO DEATH IN EUGENE ON A DECEMBER NIGHT WHERE THE MERCURY HAD PLUNGED TO 15 F DECEMBER 18, 2008. HIS DEATH SPARKED THE FORMATION OF THE WARMING CENTERS THAT CARRY HIS NAME.
- “TOM WAS A NATURAL TEACHER, AND THROUGH HIS MEMORY HE IS STILL TEACHING,” SAID LANE COUNTY COMMISSIONER PAT FARR, WHO SERVED WITH MAJOR EGAN IN THE ARMY. “THE WARMING CENTERS BEARING HIS NAME REMIND US THAT WE ALL HAVE SOMETHING TO CONTRIBUTE, AND THAT WE ALL NEED HELP AT SOME POINT IN OUR LIVES. IN DEATH, HE CONTINUES TO HELP OTHERS.”

Tom Rhoads presents the colors Friday, Dec. 17, 2010 at the end of Blair Boulevard near where Maj. Thomas Egan was found two years earlier. Tom Laing, chairman of the National Military Service for the Veterans of Foreign Wars, can be seen behind Rhoads. (Paul Carter/The Register-Guard)

RECOMMENDATION

Approve the operation of a Florence Warming Center (FWC) model as proposed and presented by the Florence Emergency Cold Weather Shelter (FECWS) agency in accordance with FCC 10-2-9-B allowing an emergency shelter when low temperatures and adverse weather conditions endanger human life for the 2023-2024 Winter season.

LEAGUE OF OREGON CITIES MAGAZINE - FOURTH QUARTER 2023

"What we hear all the time is that people can't access it, or they have walking disabilities or difficulties," he said. "With the rubberized material, it brings people that are mobility challenged into the playground so they can use structures like the inclusive spinner. All abilities can utilize them."

The ceremony was led by Mayor Rob Ward, who talked about the park's history. "I remember 60 years ago, play structures were a swing, a merry-go-round and monkey bars. Times have changed," he said.

"In the early 1980s, there was a group of us that had an idea about a park, and that's what became Miller Park," he added. "This park came about because there was a man named George Milton Miller, who donated property to the city of Florence – he was quite the philanthropist."

The entire park itself was built in stages and, at one point, part of the park was a drive-in theater.

"I remember bringing my family here to watch a movie, and the coastal fog came in and the movie was over," he said with a laugh before turning his attention to those who made the park possible. "I can't think of how many thousands of volunteer hours that actually built this park. I wish I had a list of all of them, that was an amazing effort."

Thanks were given to volunteer organizations such as the Kiwanis Club of Florence, as well as financial donors to the project, including the Oregon Parks and Recreation Department and Lane County Public Health, which donated a combined \$155,000 along with hundreds of individual donors from the community.

"We have a special thank you from the Siuslaw Family Connections group," City Manager Erin Reynolds said. "They are a great representative of our current volunteers and civically minded people growing up our next generation of volunteers and those that are civically minded."

All Abilities Playground Opens

A ribbon-cutting ceremony celebrated the opening of the new playground area at Florence's Miller Park during National Night Out in August. The ceremony was attended by Florence city officials and employees, volunteers and civic organizations that helped make the new all-abilities structure possible.

"Having a great playground allows children of all ages to explore, learn how to assess risks, try things out, discover them and, most importantly, learn through doing for all ages and abilities – that's what this park is," said Florence Public Works Director Mike Miller during the ribbon cutting. "When we think about playgrounds and play structures, it's about the adventure."

The new playground has a music station, a climbing wall and a variety of other improvements that were suggested by the community. Miller was particularly proud of the inclusive nature of the facility, he told the *Siuslaw News*.
