To: Mayor Rob Ward, City Councilors and City Manager Erin Reynolds
From: Michael and Patricia Allen, Florence Climate Emergency Campaign
Date: March 18, 2023
Subject: Climate Petition as of March 18, 2024 with 1,900 signatories

At our climate strike on Friday seven new signatories added their names to the climate petition, bringing our total to 1,900. These seven are representative of the diversity of all our signatories. Two came from Canada, two from Portland, and three from Florence. All believe, as we do, that climate change is an emergency that demands an urgent response by our City and the community at large as well as by others across the country and around the world.

These 1,900 signatories were an even split between local residents and visitors from the county, state, country and the world. Check all the names to see who you recognize.

We started collecting signatures in September 2019, four and a half years ago. Each signer attested to their belief that all governmental entities, large or small, must acknowledge that we have a climate crisis and take action.

In the petition we asked you to work with the County, State and Federal governments. We commend you for partnering with Lane County to go after resilience and infrastructure funds from the state and federal governments.

We also asked that you partner with members of our own community to develop a comprehensive climate action plan unique to Florence. That means working with the Chamber, the Siuslaw School District, the Port of Siuslaw, Central Lincoln, faith based organizations, civic organizations, environmental groups, our youth, and most importantly working with residents of Florence and the surrounding area.

I have heard from City Councilors that it is important to give input to the City. On one occasion I received a response to my input from a City Councilor with a promise that they would look into forming an ad hoc task force to develop a climate action plan.

Please start the process by using the talents of your excellent staff, members of city committees, and interested citizens from the community to form such a task force. Together we can become a role model for what can be done by a small, rural, coastal city to address climate change.

Respectively,

Michael and Patricia Allen
and an additional 1,898 signatories

Florence Climate Emergency Campaign Petition

To: Florence City Council

After many long and frustrating attempts at getting action from federal, state, and local governments regarding our climate crisis, Michael Allen presented the Florence City Council a formal request to address the climate crisis during public comment at the July 15, 2019 Council meeting. Since no response was received from city councilors or city staff, we the undersigned are joining with Mr. Allen to demand the City Council respond to the urgent requests below by giving them due consideration.

Whereas, the former President of the United States withdrew us from the Paris Climate Agreement, and

Whereas, the Oregon State Legislature failed to pass a Climate bill, and

Whereas, we are closer to reaching a tipping point beyond which climate change becomes an existential threat, and

Whereas, a study by the Rocky Mountain Institute shows that pledges from cities, businesses, and individuals throughout the world would enable us to reach two thirds of the Paris Climate Agreement goals;

Therefore, we request that the City Council produce a resolution that pledges to join forces with community, county, state and federal entities to address our climate emergency, and

We further request the City Council designate a task force that includes a wide range of interested parties in order to develop a comprehensive Climate Action Plan for the City of Florence.

We also request the City Council support the youth of our state by asking the Governor of Oregon to declare a climate emergency.

Respectfully,

AGENDA ITEM #2

Public Contracting Rules

The Florence City Council serves as the Local Contract Review Board.

Public Contracting Rules

Purpose

- Section 1-8-1 of the Florence City Code designates the Florence City Council as the Local Contracting Review Board for the City.
- Section 1-8-7 of the Florence City Code states the Local Contracting Review Board shall adopt rules to implement Title 1, Chapter 8, City Contracts.
- The City Council can convene a meeting of the Local Contracting Review Board during a regular meeting with notice.

Process

- The City's current contracting Rules were adopted by Resolution on February 6, 2023.
- ORS 279A.065(6)(b) requires public entities adopting their own rules to review them each time the State legislature makes amendments to the Attorney General's Model Rules governing government agency public contracting.
- The amendments made by the State legislature in 2023 and the subsequent proposed updates to the City's Public Contracting Rules do not add or amend any special procurement class exemption, therefore the updates do not require a public hearing.
- The City's legal counsel prepares the proposed updated contract rules based on the legislative amendments.

Modifications

Effective January 1, 2024, SB 1047 increased:

- a) The "Small Procurement/Direct Award" threshold for goods and service (Division 47) and public improvement (Division 49) contracts from \$10,000 to \$25,000; and
- b) The Intermediate Procurement threshold for goods and service contract from \$150,000 to \$250,000 (Division 47). *This did not change Intermediate Procurement thresholds for public improvement contracts.*

The proposed City Contract Rules increase the City's thresholds accordingly to match these increases.

In addition, the proposed City Contract Rules increased the Personal Service thresholds from \$10,000 to \$25,000 to correspond with the small procurement increase.

Modifications

Per HB 2295, the proposed Contract Rules:

- expand the preference for service-disabled veterans to all veterans.
 - *In sum, a business must be 51% owned by a qualifying veteran, the owner must manage the day-to-day operation of the enterprise, and the business must have annual revenues below \$23.98 million.*

Per HB 3572, the proposed Contract Rules:

- now allows, but do not require, a public contracting agency to grant a 5% preference to for-profit businesses that benefit society or the environment (known as a certified B-Corp.)

Per SB 594, the proposed Contract Rules:

- continue to track state law, making demolition contracts and those for the removal of hazardous waste "public works" subject to prevailing wage laws

Staff Recommendation

Recommended Action:

- Approve Resolution No. 4, Series 2024, a joint resolution of the Florence City Council and the Local Contract Review Board amending the Public Contracting Rules for the City of Florence.

Alternative:

- Postpone approval of Resolution No. 4, Series 2024, while providing direction to staff regarding changes to review with legal counsel.
