Development Manager Sarah Means and Economic

Development Officer Kim Thompson.

## 1. WORK SESSION DISCUSSION TOPICS

• <u>ReVision Florence:</u> Hear presentation on the status of the ReVision Florence project to improve the streetscape along the Highways 101 and 126 corridors. Discussion will include...

- o Overview of the purpose and potential designs of for the project
- o Proposed project schedule and funding

Start Time: 10:36 a.m.

Topic: ReVision Florence

Discussion: Florence City Council, Urban Renewal Agency & Staff

presented the Revision Florence project, including discussion

points on...

• Introduction to the Revision Florence project and its role in Florence and Lane County

- History of the project
- Overview of design elements
- Project goals and master plan
- Highway cross section and design elements
- Lane County priorities
- Timeline and coordination with Oregon Department of Transportation (ODOT)
- Project Advocacy
- Florence's Economic Development efforts
- Project funding including ODOT and other agencies
- Potential for new development in the area
- Public Outreach
- History of improvements in the district
- Urban Renewal catalyst sites and opportunities

Start Time: 11:20 a.m.

Topic: ReVision Florence

Discussion: The City Council, Lane County Board of Commissioners and

Florence Urban Renewal Agency discussed...

• Florence's role as Lane County's gateway to the coast

- Lane County's commitment to the project
- Financial request for Lane County and funding the financing gap
- Coordination with Governor Brown, Representative Caddy McKown, Senator Arnie Roblan, and potential state funding alternatives

- Use of Transient Room Tax Dollars for the project
- Review of County tax assessments for the region
- Lane County investment in Florence through Rural Prosperity, coastal Regional Accelerator & Innovation Network (RAIN), Archie Knowles campground and mental health for older adults program
- Potential for Lane County funding for initial direct contribution and long term debt financing, particularly through Transient Room Tax dollars
- Potential private investment that could be spurred by the project
- Need for formal legal review of project and potential use of transient room tax resources
- Lane County goals and tie in to the project
- Potential to leverage Lane County dollars toward United States Department of Agriculture (USDA) and other federal and state funding sources
- Public Art Committee role and city beatification
- Recent successes of Economic Development Committee

Result:

City Recorder

Lane County Board of Commissioners set follow up assignments including...

- Identifying project funding structure for potential county immediate investment as well as longer term investment;
- Review of additional funding options

AGENDA ITEM SUMMARY	ITEM NO: 4
---------------------	------------

FLORENCE CITY COUNCIL

Meeting Date: July 10, 2017

Department: PD/CD/PW

**ITEM TITLE:** Approve the purchase of three new vehicles for the City, including a

2018 Ford Utility Police Interceptor and 2018 Ford Transit Van for the Police Department and a 2017 Ford Transit Connect for Community Development Code Enforcement Program for a total purchase price of

\$122,140.96.

#### **DISCUSSION/ISSUE:**

Florence Police Department is in need of a versatile vehicle to respond to various emergencies while at the same time provides the proper equipment in order to be efficient, effective and more importantly provide for the safety of the officers in the field. Florence Police Department has in recent years standardized on the Ford Utility Police Interceptor platform.

One of the many benefits of the Ford Utility Police Interceptor patrol vehicle is the slightly better fuel economy than the Ford Crown Victoria's and the Utility Interceptor platform has shown to be significantly more affordable to maintain over the life of the vehicle.

The Police Department is also in need of a prisoner transport van. Currently, when transporting multiple prisoners (more than two) to Lane County jail it can take multiple vehicles and personnel. This is especially true when the need is to transport both male and female prisoners at the same time. The male and female prisoners need to be physically separated in order to comply with rules and regulations regarding the transport of prisoners. Without a vehicle that is capable of having separation requires the Police Department to utilize a minimum of two vehicles with typically one driven by the Corrections Officer and the other driven by a Police Officer. Conversely, when staffing is limited, transportation of multiple prisoners results in multiple trips to Eugene.

As outlined in the 2017-19 Biennium Budget request, having the correct transportation vehicle to transport prisoners which has the proper equipment and safety features is the most efficient and effective solution to the needs of the department. The 2018 Ford Transit Van will meet the needs of the department and keep patrol vehicles in the community instead of being used to transport prisoners.

Our Code Enforcement Program is also in need of a more efficient, effective and safe vehicle for the various tasks that the Code Enforcement Officer responds to. We have looked into a number of different vehicles and configurations and have selected the Ford Transit Connect Van as the platform for our Code Enforcement Program. The Transit Connect Van offers impressive fuel economy over the current Ford F150 pick-up truck. It provides a lower center of gravity

which is ideal in handling wounded animal(s), older stray dog(s), and the occasional aggressive animal. The use of a van also provides additional safety, not only for the Code Enforcement Officer, but also the animals. The enclosed nature of the van provides secure storage and handling of bicycles, evidence, trash, signs, etc.

We utilized the Oregon Procurement Information Network (ORPIN) to secure the purchase of all three vehicles. ORPIN provides access to procurement and contracting information issued by the State of Oregon, local governments, and political subdivisions of the state. This allows us the purchasing power of the state, where by the state has already negotiated contract pricing. The purchase price from Johnston Motors, based on the ORPIN pricing, is:

2018 Ford Utility Police Interceptor	\$31,680
2018 Ford Transit Van	\$28,445
2017 Ford Transit Connect Van	\$25,146

All three vehicles will need to have lights, siren (the Code Enforcement vehicle will not have a siren), partitions, and system packages (two-way radio, iPad holders, etc.) installed. The 'upfitting' of the vehicles is a separate purchase from company that specializes in the installation and outfitting of emergency response and service vehicles. The City has selected Auto Additions to complete the 'upfitting' of these vehicles. The component and installation from Auto Additions is based on ORPIN pricing. The purchase of the components and system packages, including installation, is:

2018 Ford Utility Police Interceptor	\$23,182.48
2018 Ford Transit Van	\$9,420.84
2017 Ford Transit Connect Van	\$4,266.64

Total costs to purchase the vehicle and 'upffiting' is:

Grand Total	\$122,140,96
2017 Ford Transit Connect Van	\$29,412.64
2018 Ford Transit Van	\$37,865.84
2018 Ford Utility Police Interceptor	\$54,862.48

The Johnston Motor Company is a long established new Ford vehicle dealer in Florence and has a proven record of support to the City. Auto Additions is a long established accessory installer and has outfitted all of our previous patrol vehicles. They are a premier emergency vehicle upfitter in Oregon, trusted by the majority of emergency response fleets.

#### FISCAL IMPACT:

During the 2017-19 biennium budget process, \$94,000 was budgeted in the Police Department fund for the purchase of a replacement vehicle and prisoner transport vehicle in the first year of the biennium. The proposal submitted by Johnston Motors for the 2018 Ford Utility Police

Interceptor and 2018 Ford Transit Van; and Auto Additions for police lights, siren, and systems package is \$1,268.68 less than the budgeted amount. Funding is available from the Police capital outlay budget and this purchase is fully funded.

Once the order for the 2018 Ford Utility Police Interceptor and 2018 Ford Transit Van is placed, delivery of the vehicle will take ten to twelve weeks.

Community Development budgeted \$26,900 in capital outlay to replace their current Code Enforcement vehicle with a 2017 Ford Transit Connect Van. The total purchase price of the Ford Transit Connect Van with 'upfitting' is \$2,512.64 more than budgeted in their capital outlay line item. However, Community Development does have funds available from materials and services to cover the additional cost of the complete vehicle. Since funding is available from Community Development's capital outlay and materials/services, this purchase is fully funded.

The 2017 Transit Connect Van is readily available and can be delivered within one week of order.

### **RELEVANCE TO ADOPTED CITY WORK PLAN:**

- City Service Delivery efficient and cost effective city services by maintaining and enhancing infrastructure as feasible.
- Livability & Quality of Life being responsive to our community's needs with efficient, effective and sustainable service delivery.
- Financial & Organizational Sustainability purchasing equipment that supports current and future needs.

#### **ALTERNATIVES:**

- 1. Do not approve purchase.
- 2. Request formal bids.

#### **RECOMMENDATION:**

Staff recommends that the City Council authorize the City Manager to sign purchase agreements as follows:

- 2018 Ford Utility Police Interceptor from Johnston Motor Company for \$31,680
- 2018 Ford Transit Van from Johnston Motor Company for \$28,445
- 2017 Ford Transit Connect Van from Johnston Motor Company for \$25,146
- Police lights, siren, and systems package, including installation from Auto Additions for the Ford Utility Interceptor in the amount of \$23,182.48
- Police lights, siren, and systems package, including installation from Auto Additions for the Ford Transit Van in the amount of \$9,420.84
- Emergency lights and systems package, including installation from Auto Additions for the Ford Transit Connect in the amount of \$4,266.64

Total purchase request is for all three vehicles is \$122,140.96

AGENDA ITEM SUMMARY ITEM NO: 5

FLORENCE CITY COUNCIL Meeting Date: July 10, 2017

Department: Finance

**ITEM TITLE:** Annual update and adjustment to City fees and charges.

#### **DISCUSSION/ISSUE:**

August 15, 2016 the City Council approved a resolution that consolidated the City's fees and changes and approved certain increases to various fees and charges. The City's fiscal policies, (adopted by the Council) include an annual review of fees and charges, with proposed changes submitted for consideration by the Council.

Attached is a resolution that includes adjustments to various fees and charges. The resolution includes an exhibit which includes a description of the fee, amount of the fee for fiscal year 2017, including dollar and percentage change from the previous amount, and the proposed fee amount for fiscal year 2018, including the dollar amount and percentage change of the adjustment. Yellow highlighted items are existing fees and charges that were not included in the fiscal year 2017 exhibit. Green highlighted items are new and or clarified fees. Additionally, a separate schedule for utility fee adjustments proposed January 1, 2018, and the estimated adjustments for the subsequent four years is attached.

The approved budget includes the following fee and charge adjustments:

Water fees and charges 2.8% (CPI) increase in revenue

Wastewater fees and charges 2.8% increase in revenue

Stormwater fees and charges 2.8% increase in revenue

Street fees and charges \$0.50 increase to base charge per EDU, plus

implementation of changes to commercial

rates

System development charges 3.7% (Construction cost index change)

Florence Events Center (FEC)

Various adjustments to room and equipment

rental rates and ticket fee surcharges

Solid Waste Franchise Fee Increase of 0.5% (from 3.0% to 3.5)

% franchise fee July 1, 2016

Other fees and charges Various adjustments to more accurately reflect

cost of services

Hourly billing rates for staff

Standardized billing rate schedule reflecting full

cost recovery

In addition to CPI rate increases for utilities effective July 1, 2017 (2.8%), certain rate adjustments recommended by the City's Finance Ad-hoc committee are also proposed to be effective July 1, 2017:

- Consolidation of the Well Rehab fee (\$1.02) to the base charge
- Elimination of the STEP rate and surcharge
- Consolidation of 3-tier water rate structure for residential customers to a 2-tier rate structure
  - o Increases tier I consumption from 1,000 cubic feet to 1,500 cubic feet
  - o Eliminates tier II consumption rate (1,000 cubic feet to 1,500 cubic feet)
  - o Reduces the top tier consumption rate to 10% above tier I consumption rate

The balance of recommendations by the Finance Ad-hoc committee are proposed to have an effective date of January 1, 2018. These rate adjustments are targeted to improve rate equity among the various users of the various systems. The deferred effective date will allow time to communicate changes to customers. Recommendations include:

#### Water

- Elimination of low volume and high volume commercial classes
- 5-year phase in of rate reductions for all meter base charges for rate equity, (includes commercial, multi-family, and irrigation)
- Base charges and consumption charges increased annually by CPI plus 1.0%

#### Wastewater

- Consolidation of account types to single family residential, multi-family residential and commercial/industrial
- Transition Greentrees, HOA's, and RV park facilities from billing based upon water use to flat rate per unit of residential housing
- Transition multi-family from consumption based billing to flat rate 70% of single family residential (based on analysis of winter consumption averages)
- 5-year phase in of non-single family consumption rates to equal equivalent rate paid by residential customers
- Single family residential customer rates increased annually at 80% of CPI

#### Stormwater

 Multi-family and commercial customer cost per square foot above 6,500 square feet increased by CPI plus 0.5% annually

#### Street Maintenance Fee

 Commercial rate changed 1/1/18 to charge a single base rate per business location equal to a single family residence plus a rate per generated trip equal to the rate per trip for residential, utilizing a three-year phase period (1/3, 2/3, and full) The deferred effective date will provide an opportunity to determine which, if any, categories of non-residential accounts may receive other consideration, such as schools, and other public sector enterprises, hospitals, etc.

A standardized staff billing schedule is proposed that fully recovers the cost of the various positions in the City. The seven step schedule averages the low salary of the lowest graded position in the range covered with the high salary of the highest graded position in the range and multiplies the hourly rate by a factor that includes benefits, overhead such as training, vacation and holidays, as well as occupancy and other costs.

Certain Community Development Fees for Type I applications have been reviewed with the estimated time to complete the various applications by position applied to the applicable staff billing rates to determine full cost recovery fees. Building related fees are proposed to be retained at current amounts until NW Code Professionals requests rate adjustments.

Other fees and charges, were adjusted by the CPI, so that future increases to "actual" cost of services are minimized, and if not adjusted by the CPI, are believed to reflect actual cost of service.

#### FISCAL IMPACT:

Presently, the anticipated material increases in revenue due to the change in fees is as follows:

Increase in the street fee \$66,800 Solid waste franchise fee 11,200 Water 137,200 Wastewater 109,800 Stormwater 17,300

#### RELEVANCE TO ADOPTED CITY WORK PLAN:

The proposed fee adjustments provide incremental and necessary funding, consistent with the adopted budget, to sustain and improve the City's operations and protect its investment in its infrastructure and are consistent with the City's adopted fiscal policies.

**ALTERNATIVES:** The Council may choose to adjust rates by a different amount than proposed, and or eliminate or adjust fees if desired.

#### **RECOMMENDATION:**

Staff recommends adjusting rates as proposed.

## CITY OF FLORENCE RESOLUTION NO. 14, SERIES 2017

A Resolution amending Resolution No. 18, Series 2016, adjusting the City of Florence's fees and charges for services.

## **RECITALS:**

- 1. Previous City of Florence City Councils have established various fees and charges for specific City services via numerous resolutions and ordinances.
- 2. To enhance the City's transparency and to implement Best Practices, the existing City fees and charges were consolidated into a single schedule, Exhibit A, attached to Resolution No. 18, Series 2016.
- 3. The resolutions that established the most recent fees and charges and the respective methodologies are included in Exhibit A. Where methodologies are unclear, the resolution and or ordinance establishing the fees and charges may be used to clarify the methodology.
- 4. Consistent with the City's adopted fiscal policies, the City Manager caused a review of certain fees and charges.
- 5. Based upon the review, fees and charges for City services were determined to require adjustment to recover costs associated with those services
- 6. The City Budget Committee approved and the City Council adopted the biennial 2017-19 budget with adjustments to the fees and charges for the services, as described in Exhibit A.

Based upon the above findings;

## THE CITY COUNCIL OF THE CITY OF FLORENCE RESOLVES AS FOLLOWS:

- 1. The fees and charges for the City of Florence are hereby established as set forth in Exhibit A, attached to and made part of Resolution No. 14, Series 2017.
- 2. This Resolution takes effect immediately upon adoption, with changes to certain fees and charges as described in Exhibit A effective as of July 1, 2017, unless otherwise stated in Exhibit A.

#### ADOPTION:

This Resolution is passed and adopted on	the 10 <sup>th</sup> day of July, 2017.
	Joe Henry, Mayor
Attest:	
Kelli Weese, City Recorder

AGENDA ITEM SUMMARY ITEM NO: 6

**FLORENCE CITY COUNCIL**Meeting Date: July 10, 2017

Department: Finance

ITEM TITLE: Authorization for the City Manager to execute agreements for

recurring services.

#### **DISCUSSION/ISSUE:**

The City has several recurring service agreements, that exceed the City Manager's purchasing authority (\$30,000), that may require the signature of an authorized official to extend the terms of the agreement including:

Health, dental, vision insurance CIS Trust
Workers compensation insurance CIS Trust
General, vehicle and liability insurance CIS Trust

Transit services Lane Transit District

Building inspection services Northwest Code Professionals

Legal Speer Hoyt LLC

Software maintenance and support Caselle

Contract finance director services GEL Oregon, Inc. IT/Network administration Feynman Group, Inc.

Social support services Siuslaw Outreach Services (SOS)

#### **FISCAL IMPACT:**

The biennial 2017-19 budget includes the following amounts (aggregated City-wide totals):

Health, dental, vision	\$2,258,600
Workers compensation	173,700
General, vehicle and liability insurance	370,800
Legal	150,000
Transit	66,000
Building inspection services	407,800
Outsourced finance director services	258,200
IT/Network administration	54,000
Social support services	80,000
	\$3.819.100

#### **RELEVANCE TO ADOPTED CITY WORK PLAN:**

The above services are integral to the delivery of City services consistent with the City's adopted work plan.

#### **ALTERNATIVES:**

- 1. Approve the resolution authorizing the City Manager to execute agreements for the services noted above for biennial 2017-19, or
- 2. Amend the resolution to authorize the City Manager to execute agreements for the services noted above, as amended for biennial 2017-19, or
- 3. Not approve the resolution and provide direction to staff.

RECOMMENDATION	)N:
----------------	-----

Approve the resolution as presented.

Attachment 1 – Resolution No. 15, Series 2017, Authorizing City

Manager to execute agreements for recurring services provided the

City of Florence.

#### CITY OF FLORENCE RESOLUTION NO. 15, SERIES 2017

## A Resolution authorizing the City Manager to execute various agreements for recurring services provided the City of Florence.

#### **RECITALS:**

- 1. Various vendors provide recurring services to the City of Florence, which costs annually exceed the City Manager's purchasing authority of \$30,000.
- 2. The services, vendors and fees have previously been reviewed and approved by the City Council.
- 3. The City Council adopted the biennial 2017-19 budget with adequate funding for these services.

Based upon the above findings;

#### THE CITY COUNCIL OF THE CITY OF FLORENCE RESOLVES AS FOLLOWS:

The City Manager is authorized to execute, as necessary, agreements with the noted vendors for the following services, each anticipated to exceed \$30,000 for fiscal year 2017-18 and fiscal year 2018-19:

Vendor	Services	Biennial
		2017-19
		Budget
CIS Trust	Health, dental, vision insurance	\$ 2,258,600
CIS Trust	Workers compensation insurance	173,700
CIS Trust	General, vehicle and liability insurance	370,800
Lane Transit District	Transit	66,000
NW Code Professionals, LLC	Building inspection services	407,800
Speer Hoyt LLC	Legal	150,000
GEL Oregon, Inc.	Interim finance director services	258,200
Feynman Group, Inc.	IT/Network administration and support	54,000
Siuslaw Outreach Services	Social support services	80,000
Total		\$3,819,100

1. This Resolution takes effect immediately upon adoption.

ADOPTION:	
This Resolution is passed and adopted on the 10 <sup>th</sup> d	ay of July, 2017.
Attest:	Joe Henry, Mayor
Kelli Weese, City Recorder	

## AGENDA ITEM SUMMARY ITEM NO: 7 FLORENCE CITY COUNCIL Meeting Date:

Meeting Date: July 10, 2017

Department: City Manager

ITEM TITLE: Florence Police Employees Association Agreement

#### **DISCUSSION/ISSUE:**

The City of Florence is currently in discussions with the Florence Police Employees Association for a new labor agreement. The proposed agreement will be for three years and will be backdated to include July 1, 2017 through June 30, 2020.

The City Council will review and discuss the proposed agreement at the July 10, 2017 Executive Session meeting, and should mutually acceptable contract terms be agreed upon, will consider approval of the agreement at the July 10, 2017 City Council meeting.

#### **FISCAL IMPACT:**

The proposed agreement is proposed to include increases in wages for members of the association per the Consumer Price Index estimates. The proposed agreement also includes a continuation of the City-wide high deductible heath benefit plan.

#### RELEVANCE TO ADOPTED CITY WORK PLAN:

Goal 1: Deliver efficient and cost effective City services

#### **ALTERNATIVES:**

- 1. Approve the proposed agreement and authorize the City Manager and Chief of Police to sign the agreement
- 2. Do not approve the proposed agreement and direct staff to return to the bargaining table

#### **RECOMMENDATION:**

Should a proposed agreement be ready for review at the July 10<sup>th</sup> City Council meeting, Staff recommends the Council review and approve the proposed agreement.

AGENDA ITEM SUMMARY ITEM NO: 8

FLORENCE CITY COUNCIL

Meeting Date: July 10, 2017

Department: Administration

ITEM TITLE: Consider authorizing the City Manager to sign the Intergovernmental

Agreements with the Oregon Department of Transportation and the Florence Urban Renewal Agency for coordination related to ReVision

Florence.

#### **DISCUSSION/ISSUE:**

The Florence Urban Renewal Agency (FURA) has been coordinating with the Oregon Department of Transportation (ODOT) on ReVision Florence. At this point, staff have been working to negotiate the Intergovernmental Agreements (IGAs) that define the working relationship between ODOT, FURA, and the City. There are two agreements that we are working on currently. These agreements are complex and, at the time of publication, we are continuing to work through some of our questions with ODOT. Due to these complexities involving various levels of government, the agreements include FURA and the City to coordinate jointly with ODOT. The two IGAs have been reviewed by FURA at their June 28<sup>th</sup> Board meeting. At that meeting, FURA provided authority to City Manager Erin Reynolds to finalize negotiations and sign the agreements based on concurrence with the City's legal counsel and the City Council's approval. The two IGAs are outlined below for the City Council to consider.

#### IGA #1: Local Agency Agreement for Multimodal Transportation Enhancement Program

This agreement outlines the working relationship between the FURA, the City, and ODOT. The City applied for State Transportation Improvement Program (STIP) funding for a portion of the ReVision Project. This funding was approved and is classified within the STIP as Multimodal Transportation Enhancement Program (MTEP) funding. Since the MTEP funding is Federalized funding, there are very prescribed requirements that are attached to that funding. This agreement allows us to acquire a project number for this funding and for ODOT to begin billing the project number for their review work.

When we first made the ask to the LaneACT, we understood that this was a multi-million dollar project and that an ask for the full amount was not reasonable. The City made an ask of \$1,000,000 to support the project, which included \$750,000 in STIP funding and a cash match of \$250,000 from FURA. Through that process, ODOT utilized the conceptual estimates for the project at the cost of \$6,000,000. The IGA that is currently being considered includes that estimate since the \$6,000,000 figure was approved as part of the STIP package by the Oregon Transportation Commission (OTC). We are simultaneously working on an amendment to this IGA that will update the STIP through the OTC and include the additional funding from ODOT of \$1.8 million.

ReVision Florence IGAs Page 1 of 3

The roles of each entity are outlined in the agreement. Again, with federalized funds and the project occurring primarily in the ODOT right-of-way, there are requirements for ODOT to review at each phase and throughout the design process. There is also the requirement for ODOT to manage the construction contract through their offices. We will discuss the details of how this works more during the meeting.

This agreement outlines the improvements to be made as part of the project, and the ongoing maintenance of the streetscape improvements from the local agencies. We have discussed this throughout the planning of ReVision Florence, and have included it in the City's budget. As part of the agreement with ODOT to improve facilities within their right-of-way beyond their typical standards, the community takes on the responsibility of maintaining those facilities throughout their useful life. As mentioned above, the City has incorporated funding for maintenance of the landscaping, streetlights, and repairs to the sidewalks. This is similar to other projects we have worked on with ODOT, such as the rapid flashing beacons across Highway 101. We are working with ODOT to ensure that the language is specific to maintenance of these facilities at the standards they are designed to currently. We want to ensure that we are not obligating the City to be liable for future ADA upgrades. The intent is to ensure access to the ADA facilities and that will be included in the agreement.

The Local Agency Agreement is the more complex of the two. It is the overarching agreement outlining our working relationship, and our various funding sources through ODOT. As described above, some of the provisions of this contract apply to the City, with ongoing maintenance and the City being the official recipient of the STIP funding, and other regarding financial responsibility for ReVision Florence apply to FURA. We are working with ODOT to create a three-party contract that would outline the provisions for each party since neither the City, nor FURA, can commit the other organization to the contract. Our goal is to have this contract be a three-party contract that would receive approval from both the FURA Board and the Council.

#### IGA #2: Intergovernmental Agreement for Right of Way Services

The second IGA involves the right-of-way services that are to be performed by both entities. Since the City of Florence is not certified as an independent administer of federal-aid projects for right-of-way services, the state is ultimately responsible for the certification and oversight of all right-of-way activities within the Highway 101 right-of-way. Murraysmith has been working on the right-of-way administration since March, but this agreement with ODOT is needed to move forward with the next steps in the process.

We received notification from ODOT that they would like the City to be a party to this agreement as well. We are working to make it a three-party agreement for the same reasons outlined above. There may be requirements for the City Council to take actions related to right-of-way acquisition during future stages of the process, but FURA will remain the funding agency for these services.

ReVision Florence IGAs Page 2 of 3

#### **FISCAL IMPACT:**

As described above, FURA remains the responsible agency for developing the funding package for ReVision Florence. These two IGAs include funding obligations for ODOT review that has been built into the ReVision Florence budget.

The financial responsibility outlined in these IGAs for the City include two items:

- The STIP funding awarded for ReVision Florence was applied for by the City. Therefore, the City is the official recipient of those funds and will pass them onto FURA for the project.
- Ongoing maintenance of the streetscape elements is the responsibility of the City. This
  includes maintenance of the landscaping, maintenance and repairs to the sidewalks when
  needed, and maintenance and billings associated with the street lights. This has been
  included in the adopted 2017-2019 Biennium Budget, as well as the financial forecast, at
  \$100,000 annually.

The Local Agency Agreement (IGA #1) will be updated with an amendment that ODOT is currently working on in order to update the project costs and ODOT funding. They will need to update the STIP through the Oregon Transportation Commission in order to add this amendment.

#### RELEVANCE TO ADOPTED CITY WORK PLAN:

- City Service Delivery
- · Livability & Quality of Life
- Financial & Organizational Sustainability

**ALTERNATIVES:** 

- 1. Approve IGAs.
- 2. Do not approve IGAs.

#### **RECOMMENDATION:**

Staff recommends that the City Council authorize the City Manager to finalize negotiations and, once satisfactory terms are agreed upon with the City Attorney's concurrence, to sight the following agreements:

- Local Agency Agreement for Multimodal Transportation Enhancement Program
- Intergovernmental Agreement for Right of Way Services
