

**CITY OF FLORENCE  
ORDINANCE NO. 6, SERIES 2019**

**An Ordinance amending City of Florence City Code Title 9, Chapter 1 related to System Development Charges to create a process for waiving and deferring the collection of certain system development charges to encourage development of affordable housing, and declaring an emergency.**

**RECITALS:**

1. The City continues to experience a shortage of affordable housing in the community. This housing shortage is impacting residents' and prospective residents' ability to find suitable housing.
2. The lack of affordable housing is also impacting our community's businesses by limiting the supply of available workers that are able to call our community home.
3. This lack of affordable housing is holding back our community's economic growth and limiting the potential of our local businesses.
4. The City wishes to continue to provide temporary incentives for homebuilders to construct affordable housing in our community.
5. The City wishes to continue to institute partial waivers for system development charges on a temporary basis.
6. The City's system development charges are established by City Council Resolution. The City will continue to apply the exemptions to the existing fees to each Single-Family Dwelling Unit eligible for the exemption as outlined in FCC Section 9-1-5.
7. The City wishes to continue the SDC deferral program, allowing owners to defer the payment of SDCs under certain circumstances.

Based on these findings,
