

**CITY OF FLORENCE
RESOLUTION NO. 13, SERIES 2020**

A Resolution Declaring a Temporary State of Emergency within the Boundaries of the City and Delegating Authority to the City Manager, and repealing Resolution No. 6, Series 2020.

RECITALS:

1. On March 8, 2020, the Governor of the State of Oregon issued Executive Order 20-03 declaring a statewide State of Emergency under ORS 401.025(1) due to the serious public health and safety threat posed by the spread of the COVID-19 virus within our state.
2. On March 17, 2020, the Lane County Board of Commissioners adopted Order 20-03-17-06, declaring a local emergency as a result of public health response to COVID-19.
3. ORS Chapter 401.309 grants the City additional authority to declare a State of Emergency within the City.
4. On March 20, 2020 the City of Florence and the West Lane Emergency Operations Group partner agencies activated the West Lane Emergency Operations Center.
5. On March 23, 2020, the Governor of the State of Oregon issued Executive Order 20-12 "Stay Home, Save Lives".
6. Also on March 23, 2020, the Florence City Council declared a temporary State of Emergency within the Boundaries of the City as they found that the detection of multiple cases of Coronavirus (COVID-19) within the state and the Governor's Declaration present circumstances constituting a present threat of imminent widespread or severe damage, significant injury to persons or property, increased human suffering, loss of life, and financial loss within the City's boundaries.
7. Since the initial State of Emergency was declared and the Stay Home, Save Lives Executive Order was put in place, Governor of the State of Oregon has issued several more executive orders with corresponding guidance.
8. On May 14, 2020, the Governor of the State of Oregon issued Executive Order 20-25 "A Safe and Strong Oregon" implementing a phased approach for reopening Oregon's Economy. Furthermore, Lane County was approved to enter Phase 1 on May 15, 2020.

9. Following Executive Order 20-25, the State of Oregon will monitor Lane County based on the defined benchmarks to move through the reopening phases.
10. The Phase 2 guidance and information released by the State indicates that we will remain in Phase 2 (not move to Phase 3) until a viable treatment or vaccine is available. We understand from that information that Lane County will remain in Phase 2 for months, necessitating the consideration of extending the City of Florence Emergency Declaration currently in place and set to expire June 30, 2020.
11. The City Council finds that with this updated information and guidelines from the State that we will be in an emergency state responding and recovering simultaneous to the COVID-19 crisis.
12. The City Council finds that that during this State of Emergency, it is prudent and responsible to delegate certain powers and responsibilities to the City Manager in order to more efficiently expedite City responses, recovery efforts, and services.
13. These emergency circumstances require focused and coordinated municipal and community responses and recovery efforts beyond that which occur routinely and such coordinated responses cannot be achieved without temporarily amending some of the City's regular business, emergency, employment, and intergovernmental practices.
14. Originally, this emergency situation for the City of Florence began on March 23, 2020. After further review and consideration of the current situation, it has been determined that the City is still in an emergency response and recovery mode. We anticipate that we will be operating within the COVID-19 Virus emergency, response, and recovery for at least another 17 weeks.

Based on these findings,
