Subject: August 24th Hearing Phase 1 Final Subdivision Map Cannery Station Resolution PC21 20 SUB 01
Date: Monday, August 16, 2021 7:54:33 PM

TO WHOM IT MAY CONCERN IN THE CITY PLANNING DEPARTMENT FOR FLORENCE, OREGON:

We are in complete agreement with the statements provided to the City earlier today by our neighbors Doris Oliver and Ann Kilgore.

To wit,

Any extensions or other concessions or other considerations should be predicated on the developers (of Cannery Station) following through on conditions that The City Planning Dept. previously imposed and which, to date, have not been enforced:

- 1. Replant with native vegetation the areas at the Northern and Eastern ends of the project area which were cleared without permit.***
- 2. Cover the acres of open sand with bark or other designated material.***
- 3. Build the 8 foot fence, for which the permit was an excuse to tear out all vegetation to the lot line.***
