Transportation System Plan Update Open House

FLORENCE, OR – The City of Florence is hosting an open house on Thursday, November 3rd at 5:30 pm at the Florence Event Center on Quince Street to gather feedback on an ongoing City project to update the Transportation System Plan (TSP). Doors will open at 5:30 pm and the presentation will begin at 5:45 pm.

The TSP is a long-range plan that guides the development of the City's transportation system over a 20-year period. The open house will provide the community with an introduction to the project and an overview of the planning process. It will also provide the community with the opportunity to share their thoughts and concerns on transportation-related issues with City staff.

Please attend the open house and help guide the City's future transportation system! Additional information on the upcoming open house is available on the project website (www.projectcomment.com/florenceTSP). Please visit the website to get the latest news, view project documents, subscribe for updates, and contact the project team.

You will also find information on the City of Florence webpage:
