Hello,

I received a letter concerning my application PC 23 26DR 05 .This application was deemed incomplete ?Sorry for any confusion on my part of the application . This project is to add additional security for are employees health and safety along with Upgraded security for are equipment and supply's .We have had multiple problems with human waste ,vehicle tampering, vehicle theft , tools and supplies stolen out of are yard .We have reached out to find a security company to secure the area during off hours with no luck .Central Lincoln has since add security cameras .This is are next step To help prevent problems going forward .Please let me know what to complete to move forward with this .

Thank you ..
