COMMITTEE PROJECT TIMELINE

PAC WORK PLAN PRIORITIES

Top Committee Priorities:

Public / Private Partnership Program:

The Public Arts Committee is committed to working with local businesses and citizens to expand the public art installed in the City of Florence. The Public Arts Committee would like to continue to provide opportunities to get the community involved with the arts, creating a program that local artists, businesses and private citizens could apply to receive a small monetary grant, as well as guidance and assistance, for their projects. This program could also support artists or concerned parties who would like to apply for a mural permit but need assistance going through the process.

Next steps regarding the Public / Private Partnership Program:

- Research and implement partnership program
- Engage community organizations, schools, and businesses in public art projects
- Market program to local artists and interested parties
- Provide a resource for Florence City Council, Florence Urban Renewal Agency, and City of Florence Boards, Committees, and Commissions for their efforts in supporting the community and the arts
