Topic: Public Art

Details: I consider Art to be a private matter just like so many other things. I like some art but not all; I want to make the choice of what I wish to view. Having a mural painted on the sides of buildings is not my idea of 'choice.' I don't feel there is any enhancement to Florence or that it will entice more visitors. I do feel it will be 'off putting' to many as they come into town and, in fact, may remind many of what they are trying to escape by coming to Florence. Net net--- public art is a poor idea.
