2019 Walking Tour

Presented by

ARTS COUNCIL
OF LAKE OSWEGO

Gallery Without Walls

Lake Oswego's Acclaimed Public Art Program

Welcome to the 2019 Gallery Without Walls outdoor sculpture exhibit of over seventy-five permanent and loaned works of art. It's open all year and is free for everyone to enjoy. Our downtown rotating exhibition features thirty sculptures on-loan from artists for a period of two years, all of which are available for purchase. All other artwork in the Gallery Without Walls belongs to the City of Lake Oswego's permanent art collection.

The Arts Council of Lake Oswego

works to ensure the arts are an integral part of life in our community, now and into the future, with the purpose of placement and preservation of public art in Lake Oswego, providing access to art exhibitions for residents and visitors, and advancing lifelong learning about the arts through educational programs and docent tours.

Gallery Without Walls is a nationally known program of the Arts Council of Lake Oswego. We work in partnership with city agencies, local businesses, and community members to bring sculptures to the City of Lake Oswego, resulting in art that adorns the streets and free public access to each piece.

ARTspace

Arts Council of Lake Oswego's ARTspace is unique to Lake Oswego and is the only dedicated visual arts gallery within the city. ARTspace hosts a number of temporary exhibitions each year focusing on a range of media and artists from local to regional and international.

Join us for our free First Friday receptions where you can meet the artist, learn more about the work on view, and connect with fellow art enthusiasts.

Each exhibition hosts a variety of programs and events tailored to children, youth, and adults. From Doodles with George to Lunch & Learn and Family Art-making, there's something for everyone.

Hours vary for each exhibition but we are generally open from 11 AM to 4 PM Tuesdays through Fridays, and by appointment.

Visit our website artscouncillo.org for program, events, calendar, and to sign up!

Subject: Re: Reminder: Public Art Guidelines review comments needed

City Manager Reynolds and Mayor Henry,

After reviewing the Guidelines I propose the following changes:

Section 3.2.2 Value 4. Delete all of the balance of .4 after City Collection - all art pieces, etc.

Section 3.4 Process 5. Effective public outreach needed in projects of size and scope or the WOW factor.

Section 3.5 Artist Selection - When possible local artists will be given additional weight in the decision making process.

Section 4 Generation 4.1 and 9.1 and 9.2 Delete FURA.

Respectfully,

CC Preisler

Subject: Public Art Guidelines

Hello there,

Well that was not easy.. But here are my thoughts on the Public Art Guidelines. Give me your thoughts and then you can do with this as you see fit.

Public Art Guideline

After several run throughs of the 23 pages of Public Art Guidelines I have come to several conclusions:

- This document, obviously written by counsel, consists of 23 pages of legalese that neither I, the Council nor the PAC are qualified to rewrite.
- Many segments of this document are subjective, cumbersome, redundant and in some cases simply don't say anything. A few examples, and there are many more, are:
 1. Introduction & Purpose
 2. Section 3.2 Art Selection Criteria Introduction.
 3. Section 3.2.3
- A large portion of the narrative in this document could be reduced by 50% and be just as effective.
- I agree with Councilors Preisler and Woodbury that references to FURA should be removed from this document. This would not necessarily preclude FURA from funding a specific art project in the future.

I believe that if this document is to be retained by the City of Florence the following general changes should be made:

- Any use of the title "City of Florence" interchangeably with the PAC should be removed Example Section 8.6.1. If we had adhered to this section as written the "City of Florence" could have not selected the current mural.
- Much more specific detailed explanation of the future maintenance of art pieces, who does it, and who pays for it is essential. We could create a substantial unfunded future liability with the addition of a large number of art works.

From an overall point of view, I am not firmly convinced that the Public Art Guidelines nor for that matter the Public Art Committee should continue to exist under the present conditions.

Before that decision is made, I would like to see the following:

- Withdrawal of any and all authority delegated to the PAC for expenditure of funds from the City of Florence or FURA.
- Authority for final selection of significant works of art to lie with the Florence City Council.

- Consideration of the PAC becoming a separate entity such as a 501-C3 or possibly merging with FRAA. There is definitely a case to be made for that course of action and I believe that at least some members of the PAC are in favor of that idea.

In summary, I do not believe that the PAC should have either a budget or any authority not given to any other committee of the City of Florence. I, as a councilor, am not comfortable being responsible and accountable for controversial decisions made by members of a volunteer committee.

Regards

*Joe Henry, Mayor
Florence Oregon
(A City in Motion)*
