---

October 16, 2014

4:00 – 7:00 p.m.

---

Councilors:	Nola Xavier, Mayor
Suzanne Roberts, President	Brian Jagoe, Vice-President
Joshua Greene	Joseph Henry

---

**RHODODENDRON DRIVE MULTI-USE PATH**

**OPEN HOUSE**

**4:00 p.m. to 7:00 p.m.**

**At**

**Florence Events Center  
715 Quince Street**

City Staff will be available to discuss and get the public's feedback on the new plan alternatives for the Rhododendron Drive multi-use path. The alternatives that will be presented are below:

Alternative 1: Construct a 5-foot shoulder for bicycles on both the east and west side of Rhododendron Drive. In addition, a 6 foot sidewalk would need to be constructed on the east side. If the sidewalk under this alternative is built next to the paved shoulder, a curb and drainage system would also be necessary. The sidewalk could be separated from the roadway with a minimum 2 foot buffer and the curb would not be necessary. All surface water runoff from the roadway would need to be treated. Surface runoff from the sidewalk, although it would not need to be treated, would need to be handled in appropriate means. This option will require the 2012 Transportation System Plan (TSP) to be modified.

Alternative 2: Construct a 6 foot paved shoulder on both sides of the roadway. This shoulder would be shared by bicycles and pedestrians. Again, all surface runoff from the entire roadway paved surface will need to be treated. This will require the 2012 Transportation System Plan (TSP) to be modified.

A quorum of the City of Florence City Council may be in attendance at the Public Open House. No action will be taken by the City Council during this public event. The Council will review the comments received at the open house during their October 20<sup>th</sup> Work Session.
