

2022 Annual Water Quality Report

The City of Florence Water Quality Report for 2022 will be available beginning June 16, 2023 and copies of the final report can be downloaded at:

<https://www.ci.florence.or.us/publicworks/water-quality-reports-consumer-confidence-reports>.

Paper copies will only be mailed by request or a copy can be picked up **after July 1st** at the Public Works Operations Center at 2675 Kingwood Street or City Hall at 250 Hwy 101.

“The City of Florence works hard to ensure that our water not only complies, but exceeds state and federal drinking water standards,” said Miller. “In addition, the City provides outstanding customer service, high quality drinking water and this report shows our efforts are working. Our efforts were recently recognized by the Oregon Health Authority, Drinking Water Services when the City was named an Outstanding Performer. I am very proud of our city staff that have worked hard to help the city earn this recognition. The State noted that Florence's water system facilities are well operated and maintained by a knowledgeable and competent staff.”

As a water supplier, the City is required by the Environmental Protection Agency (EPA) to provide an annual Consumer Confidence Report. Commonly known as a Water Quality Report, it provides water quality data from January 1st to December 31st, 2022. The report also informs customers of the location of the City's water sources, the City's source water protection programs, if there are any contaminants in the drinking water as well as the water analysis undertaken to ensure that the water delivered is safe and of the highest quality.

“Florence’s dunal aquifer system is the only one of its kind in the State of Oregon,” said Miller. “Protecting it and providing our residents with high quality drinking water is our top priority.”

In addition to the legally required language, the 2022 version includes information regarding source water protection, fun and informative water facts, and a chart displaying daily water production.

To request a paper or electronic copy of the 2022 Water Quality Report, please contact Public Works at 541-997-4106.

To download an electronic copy, visit <https://www.ci.florence.or.us/publicworks/water-quality-reports-consumer-confidence-reports>. Again, the report will be available Friday, June 16, 2023.
