## Bridge work to restrict lanes on three US 101 bridges

FLORENCE— Nighttime construction activity will restrict travel on three bridges on US 101 in Lane and Lincoln County.

On Monday, September 29, 2014 a contractor for ODOT will grind and pave the Sijota Creek Bridge near Salishan (MP 121.6). Beginning at 7 p.m. and continuing until approximately 5:30 a.m., traffic across the bridge will be flagged in alternating directions. Motorists should plan on up to 20 minute delays.

On Tuesday, September 30, the contractor will pave the approaches to the Depoe Bay Bridge (MP 127.6). The work hours will be 7 p.m. to approximately 5:30 a.m. Traffic will be flagged with delays of up to 20 minutes.

On Wednesday, October 1, the contractor will seal deck joints on the Siuslaw River Bridge in Florence (MP 191). Work will begin at 7 p.m. and is expected to be complete by 2 a.m. During that time, traffic will be flagged with delays of up to 20 minutes.

This work is weather dependent. Should inclement weather occur, the work will be rescheduled to the next available time.
